True Death Site Still a Puzzle

CINCINNATI (AP)—Where did Martha Louise Bergen die?

The question still plagued prosecutors and defense attorneys alike Friday when Mrs. Edythe Klumpp, 40, came up for a first hearing on a first degree murder charge.

Her attorney, William F. Hopkins, said: "I want to be sure I'm in the right court."

"I understand from the newspapers that a first degree murder warrant also is on file in Clinton County."

Detective Wilbur Stagenhorst, who filed the charge here, asked for a delay in the hearing until next Wednesday. Police Judge Clarence Denning agreed.

The State Highway Patrol filed a murder charge in Clinton County against Mrs. Klumpp, who signed a statement saying she killed Mrs. Bergen in self-defense after an argument over the affections of Mrs. Bergen's husband.

The victim, her body badly charred from a gasoline fire, was found Nov. 1 on a state reservation near Wilmington.

A subsequent autopsy by Dr. Frank Cleveland of Cincinnati indicated Mrs. Bergen had two skull fractures but may have been alive when burned.

The body was returned here for other tests, which indicated traces of metal in her throat, where Mrs. Klumpp said the victim was shot. But Dr. Cleveland has returned

no final decision on cause of death.

Police said Mrs. Klumpp told them Mrs. Bergen was shot and killed while the women grappled for a gun and that she loaded the victim's body into the trunk of her car and kept it overnight.

Officers said the body was burned the next day—the day before it was found.

London Cheers Musical Farce

Conductor Conducts From Phone Directory

LONDON (AP)—In came the conductor, carried to the rostrum in a sedan chair. He stepped out, sharpened his baton in a pencil sharpener, and produced a fat London telephone directory as his score.

Then — crash — "Hoffnung's Interplanetary Music Festival" started.

A fat boy blurted a loud "A" down the spout of a watering can. A girl thumped a rowdy road hammer. But there were some legitimate instruments as well in the 120-piece orchestra which obliterated the serene dignity of London's Royal Festival Hall Friday night.

Tuba playing cartoonist and broadcaster Gerard Hoffnung was creator and conductor. Why did he do it?

"This is a serious attempt to bring caricature into music," he said.

It turned out a great big musical joke. Opera was kidded by operatic singers from Covent Garden. The United Nations came in for it, too. Composer Malcolm Arnold's wicked satire on the organization—judged the best item on the pandemonium program—showed four brass bands storming in from four different doorways of the hall, each playing a different march, each crashing straight into the other, each refusing to move backward.

Newspaper critics generally agreed it was all a very funny joke but that it went on maybe just a little too long.

Coast Guard Still Hunts Bodies in Lake

CHARLEVOIX, Mich. (AP)—Though almost despairing of finding any more men alive the Coast Guard today set up another search of northern Lake Michigan for the bodies of the 15 missing crewmen of the sunken freighter Carl D. Bradley.

The big freighter sank Tuesday night in a storm. Only two of her crew of 35 survived to be rescued the next day. Eighteen bodies were recovered.

As a search by air and sea went on after one of the Great Lakes' worst disasters, a Coast Guard Board of inquiry resumed an investigation and the heartless little shipping city of Rogers City prepared for mass funeral services. Rogers City, 90 miles across Michigan on Lake Huron to the east, was the home port of the Bradley. Most of the lost seamen had their homes in the sorrowing community of 4,000 population.

Bodies lay in state at the high school gymnasium. Simultaneous funeral rites were to be held at Catholic and Protestant churches. All shipping and industry was closed down. Rogers City is in official mourning for a month's time.

The Coast Guard's board of inquiry moved its hearing here from Rogers City to get testimony from the Bradley's two survivors, first mate Elmer Fleming, 43, and watchman Frank Mays, 26.

Henry Countian Failed To Tell About Other Wife

NAPOLÉON, Ohio (AP)—Mrs. Margaret Krauser Sivertsen's first reaction was that the sheriff had the wrong man.

Certainly her husband Vernon wouldn't do such a thing, she maintained.

Later, after Sivertsen gave his account to Sheriff Fred Bartels of Henry County, Mrs. Sivertsen wept and told her husband: "I don't like liars and you lied to me."

What he had failed to tell her, Bartels said, is that he has another wife and seven children, in Escanaba, Mich.

Sivertsen, 40, was arrested at his trailer home here Friday on desertion charges filed by the Delta County, Mich., sheriff's office.

Circus Touch Given to Rites For Ty Power

Crowd's Laughter, Shouts Nearly Drown Out Final Eulogy

HOLLYWOOD (AP)—A circus touch was given here to the funeral rites for Actor Tyrone Power.

There were 125 other mourners in the tiny Chapel of the Psalms Friday. Among them Gregory Peck, James Stewart, Loretta Young, Yul Brynner and Henry Fonda.

But Deborah Ann Power had her back toward them. It was her last hour with the husband she loved. Semimilitary rites, conducted by a Presbyterian Navy Chaplain, ended in 34 minutes.

The other mourners marched out.

But for nearly 20 minutes, the 26-year-old widow was alone with her husband. A Hollywood cemetery attendant came in to close the coffin.

As he did so, Mrs. Power gave Ty a farewell kiss. Then she walked out sadly but composed to a waiting limousine.

She still was composed as she walked from the limousine to her husband's grave. There, the chaplain delivered the brief committal service for the actor whose heart attack death a week ago in Madrid stunned movie fans everywhere.

A crowd of 2,000, fans and curious, swarmed over other graves from the chapel to the burial site. The crowd, in its hurry, gave a circus—or Hollywood Premiere—touch that marred the dignity of the funeral.

Earlier, the widow herself inadvertently helped create the circus atmosphere when she barred microphones that would have carried the rites to those gathered outside the chapel.

A friend explained that Mrs. Power feared the microphones would have given an undignified tone to the services.

The widow, however, is new to Hollywood funerals—and the decision worked just the opposite.

As Cesar Romero, an old-time friend, eulogized Power, the babble of the crowd disturbed the mourners inside. Once Romero raised his voice in order that his words could be heard above the shouts, laughter and other noises outside.

The crowd quieted, however, when cemetery guards told the on-lookers that their noise was heard inside.

Then Romero's eulogy ended thus: "He was a beautiful man. He was beautiful outside and beautiful inside."

Linda Christian, Power's second wife, and their two children did not attend the rites by express request of the widow.

Instead, Miss Christian and the two young girls attended a regularly scheduled Mass at a nearby Catholic church.

Cactus Jack 90 Today

UVALDE, Tex. (AP)—Former Vice President John N. Garner celebrated his 90th birthday today and all over town his friends were predicting he would live to be 100.

Leading a parade of high national and state dignitaries who came here to join in the birthday program and barbecue was former President Harry Truman.

He and Garner embraced warmly and clapped each other on the back Friday night at the Uvalde Airport, where Garner and his son, Tully, met Truman and carried him into town in Tully's car.

Garner spent most of Friday greeting a stream of visitors.

He met Truman just a few seconds after the former president disembarked. They were both grinning broadly and obviously glad to see each other.

"Well, well, well," Truman exclaimed. "How are you. You look wonderful."

"And you are a sight for sore eyes," Garner replied.

With Truman was one of Garner's old congressional friends, federal Judge Ryan Duffy of Chicago. Garner told him and Truman: "Nature has certainly been taking good care of you."

Garner retired in 1941 after serving two terms as vice president in the administration of Franklin D. Roosevelt.

He and Roosevelt fell out politically over the third term and Supreme Court enlargement issues. Garner since has emerged

Reds Increase Pressure For West To Quit Berlin

Western Powers Abandon Talks on Control of Space

UNITED NATIONS, N.Y. (AP)—The United States and its supporters abandoned attempts at outer space negotiations with the Russians and pushed a take-it-or-leave-it proposal today.

The 20 associated nations decided to act on their own after talks broke down between the United States and Russia over makeup of a committee to make recommendations for U.N. supervision of peaceful exploration of outer space.

The group, which already had put a space resolution before the U.N. General Assembly's Political Committee, decided to submit a new draft without further talks

with the Soviets. The revised draft was handed in Friday night.

The Western plan calls for an 18-nation study group that would lay the groundwork for a permanent U.N. space committee.

The formula includes most of the 11 nations contained in the disputed Soviet draft, but adds several candidates favored by the West.

The list is composed of the United States, Britain, France and the Soviet Union as major powers; Belgium, Italy and Sweden from Western Europe; Czechoslovakia and Poland from the Communist bloc; India, Iran, Japan and the United Arab Republic from the Asian-African bloc; Argentina, Brazil and Mexico from the Latin-American group; Australia and Canada representing nations with special interest in outer space.

The East-West negotiations collapsed Friday after Soviet Foreign Minister Valerian Zorin stood fast by his demands for three Soviet satellites on the smaller slate and attempted to dictate who the Western members would be. His list of 11, giving Russia a probable six votes, included the same four major powers, India, Poland, Romania and Czechoslovakia.

The revised 20-nation resolution incorporated these features of the Soviet resolution:

1. The desirability of establishing a permanent international body to promote space research.
2. It would instruct the study commission to consider a U.N. role in national space research projects, in promoting exchange of information and a U.N. takeover of work done under the International Geophysical Year which ends Dec. 31.

Appeal Planned By Attorneys for Convicted Girl

LINCOLN, Neb. (AP)—Attorneys for Carl Ann Fugate, 15, convicted of murder, prepared today to appeal her case to the State Supreme Court if necessary.

A jury Friday found the slim brunette guilty of first-degree murder for aiding and abetting mass killer Charles Starkweather in one of his 11 admitted slayings.

A life sentence was prescribed for Carl, in contrast to the death penalty ordered for her ex-boy friend last May.

Defense lawyer John McArthur said a new trial will be asked within the 10 days allowed. Sentencing normally follows rejection of the motion for retrial. But sentencing in Carl's case is a formality because the jury fixes the penalty in first-degree murder convictions in Nebraska.

A LIFETIME AHEAD — Fifteen-year-old Carl Ann Fugate leaves a courtroom in Lincoln, Neb., where minutes before she wept bitterly after a jury found her guilty of murder and handed her a life sentence. She was convicted for her part as an aide to Charles Starkweather in his murder rampage of last winter.

Federal Judge Hopes Pacifist To Show Up for Cincy Hearing

CINCINNATI (AP)—A federal judge has taken the unusual approach of asking defense attorneys to persuade a defendant to show up in court Monday.

Judge John H. Druffel, in U.S. District Court Friday said:

"See if you can't talk to him and persuade him that it would be to his advantage to come in here and get this matter ironed out."

The defendant is the Rev. Maurice McCrackin, controversial pacifist indicted on a charge he failed to show up for a conference on his federal income taxes. He had to be carried into his arraignment Nov. 14, refused to

enter a plea, stand up or accept court-appointed attorneys. That caused the judge to order a sanity examination, three psychiatrists reported the pastor sane.

One defense attorney, Fred A. Dewey, a law professor at the University of Cincinnati, said: "We already have begged him to cooperate."

"We tried to make him understand that it wouldn't hurt his position if he came to court and stood up and made a plea."

The Rev. Mr. McCrackin has refused to pay most or all of his income tax for the past 10 years because they help pay for weapons of war, and he believes war to be the greatest evil.

Attorney Theodore M. Berry said the minister refused to cooperate with the court, revenue or other officials "because he considers them an arm of the government which he believes is trying to coerce his conscience and that they are using this coercing force."

Dewey and Berry appeared in court to ask the indictment against the minister be dismissed because the charge was not written under proper Internal Revenue Service statutes.

But the judge held the indictment referred clearly to the statutes, although not mentioning them by name.

The Rev. Mr. McCrackin is pastor of West Cincinnati St. Barnabas Church and a director of a West Side neighborhood house.

DiSalle for U.S. President? Mike Says, 'Ridiculous'

WASHINGTON (AP)—There is at least one newly elected Democrat who, apparently, does not covet his party's presidential nomination in 1960—Gov.-elect Michael V. DiSalle of Ohio.

DiSalle, at a press conference here Friday, replied to a reporter who brought up the subject:

"It becomes so totally ridiculous nobody would print it. I was lucky to be elected governor."

DiSalle said he thinks he could have been elected even if the controversial right-to-work proposal were not on the ballot. The proposal has been cited as a contributing factor to heavy Republican losses in Ohio.

Shotgun Helps Couple Decide on Furniture

While they talked, McDowell cleaned his shotgun. It fired.

A gaping hole in the bed made the choice of gifts easy.

East German Paper Fears Peace Threat

Bonn Government Urges Allies To Be Ready To Use Force

BERLIN (AP)—The official press of Communist East Germany fired a new round of attacks on the Western powers today in an effort to get them out of West Berlin.

The official Communist newspaper Neues Deutschland declared the Western Allies were endangering world peace by continuing their occupation in the former German capital.

By remaining in the city, the paper said, they are "playing with fire and thereby bringing more than Berlin into danger."

But West German officials advocated a tough Western policy of using tanks and fighter planes if necessary to maintain the links between Berlin and West Germany.

Berlin is 110 miles behind the Iron Curtain. All its road, rail, water, and air routes for supplying the 10,000 American, British and French troops in West Berlin are at the mercy of the Communists.

Twelve days ago Soviet Premier Khrushchev said the Soviet Union was ready to drop out of the four-power control of the city that has been maintained since World War II. He said the West should do likewise and would have to make arrangements with East Germany, which the West does not recognize, if it wanted to maintain links to Berlin.

Heinrich von Brentano, West German foreign minister, flew into Berlin for talks with Mayor Willy Brandt of West Germany on the threatened squeeze against the Western position here.

Der Abend, a West Berlin newspaper, said four-power negotiations were under way on the future of Spandau Prison in West Berlin which still houses Rudolf Hess, Albert Speer, and Baldur von Schirach, three high-ranking Nazis convicted of war crimes.

If the Soviet Union pulls out of the four-power setup in Berlin, it might drop its share of control over the prison too, the paper suggested.

French officials here and the British Foreign Office in London denied knowledge of any such negotiations.

There was no indication when the Soviet Union might carry out its announced plans to turn over to the Communist East German government control of Allied communications to Berlin in an effort to force the Western powers to abandon their position in the former German capital.

Several ambassadors had been reported summoned to the Soviet Foreign Ministry in Moscow today "to receive an important document," presumably on Soviet intentions for Berlin.

However only the Dutch, Belgian and Austrian ambassadors were summoned to the ministry and they discussed routine business not involving Berlin.

The U.S. and British embassies in Moscow said they had no indication of a summons.

Chancellor Konrad Adenauer of West Germany had said he had learned that nations which fought Nazi Germany were due to receive a note on the four-power occupation of Berlin. Nikita Khrushchev launched a drive 12 days ago to end the occupation and get the Allies out of Berlin.

Driver Injured In Collision On Route 23

Dee Bays, 33, North Kenova, was injured when the car he was driving crashed into the rear of a tractor-trailer assembly at 10:45 p. m. yesterday on Route 23 about three miles north of here.

Bays was taken to Berger Hospital for a fractured right knee cap, lacerations and possible chest injuries.

The tractor-trailer was operated by Everett Rayburn Jr., 24, Pt. Pleasant, W. Va. He was not injured.

State Highway Patrolman Gene Miller said Bays' auto crashed into the rear of the truck which was attempting to pass another tractor-trailer assembly. The vehicles were headed north.

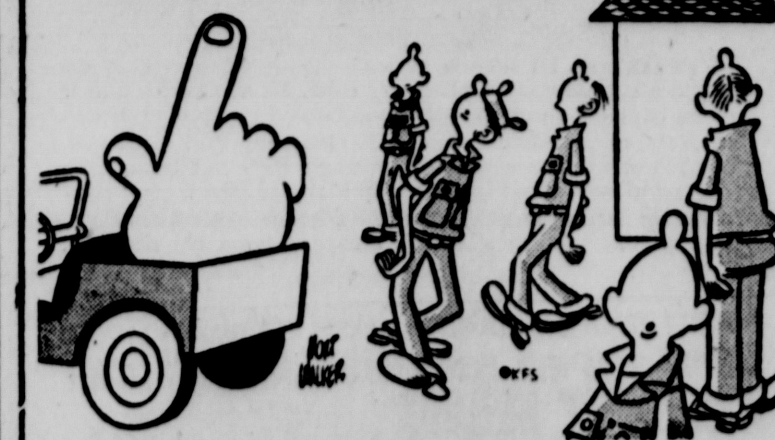

PATROLMAN Miller said the front of the car was demolished. The tractor-trailer suffered minor damage.

Miller said Bays was cited for failure to have assured clear distance ahead.

Churches Ask Arms Slash, Red China OK

CLEVELAND (AP)—Pronouncements of the Fifth World Order Study Conference, which came out for disarmament and recognition of Red China, give evidence that the churches are ready to take steps forward in a bold approach to world peace.

That is the view of Rev. Edwin T. Dahlberg of St. Louis, president of the National Council of Churches, which sponsored the conference here.

The Rev. Mr. Dahlberg commented after the conference wound up Friday.

"It is to be hoped that our government and the United Nations will take to heart the message and findings of this conference."

The conference message was directed, however, not to the government but to the churches making up the National Council. Delegates to the conference represented 33 Protestant and Orthodox communities.

The message to the churches urged that steps "be taken toward the inclusion of the Peoples Republic of China (Red China) in the United Nations and for its recognition by our government."

Recognition does not imply approval, the statement of policy declared.

The 5,000-word document, approved unanimously by the 600 delegates in a voice vote, calls on every Christian "to seize the initiative in the prevention of war and the achievement of peace in a world of intercontinental ballistics, thermo-nuclear weapons and platforms in outer space for missile launching sites."

A life sentence was prescribed for Carl, in contrast to the death penalty ordered for her ex-boy friend last May.

Defense lawyer John McArthur said a new trial will be asked within the 10 days allowed. Sentencing normally follows rejection of the motion for retrial. But sentencing in Carl's case is a formality because the jury fixes the penalty in first-degree murder convictions in Nebraska.

Almost all the loot was recovered, said William A. Murphy Jr., agent in charge of the Cleveland FBI office.

Murphy said Donald G. Times of Willoughby admitted the holdup and had been identified as the robber by Dickson G. Wadsworth, 21, of Mentor, teller at the Lake County National Bank branch west of here.

Police said Times blamed mounting bills for the strange robbery in which he used his own automobile and was quickly traced through its license plates. He left the car at a nearby motel and went to the home of his mother in Mentor-on-the-Lake where he was arrested.

Part of the money was found in a paint can in a clothes dryer in his mother's home. Some bills were burned, Murphy said, but declined to explain this point further.

The grenade, empty of explosives, was found under the right front seat of the car Times left at the motel.

FBI agents continued to question Times' mother, Emily. The manager of the motel, Mrs. Mabel Burhenne, identified the mother as the woman who picked up Times in her car minutes after he arrived at the motel.

Federal Judge Hopes Pacifist To Show Up for Cincy Hearing

CINCINNATI (AP)—A federal judge has taken the unusual approach of asking defense attorneys to persuade a defendant to show up in court Monday.

Judge John H. Druffel, in U.S. District Court Friday said:

"See if you can't talk to him and persuade him that it would be to his advantage to come in here and get this matter ironed out."

The defendant is the Rev. Maurice McCrackin, controversial pacifist indicted on a charge he failed to show up for a conference on his federal income taxes.

He had to be carried into his arraignment Nov. 14, refused to enter a plea, stand up or accept court-appointed attorneys. That caused the judge to order a sanity examination, three psychiatrists reported the pastor said.

One defense attorney, Fred A. Dewey, a law professor at the University of Cincinnati, said: "We already have begged him to cooperate."

"We tried to make him understand that it wouldn't hurt his position if he came to court and stood up and made a plea."

The Rev. Mr. McCrackin has refused to pay most or all of his income tax for the past 10 years because they help pay for weapons of war, and he believes war to be the greatest evil.

Attorney Theodore M. Berry said the minister refused to cooperate with the court, revenue or other officials "because he considers them an arm of the government which he believes is trying to coerce his conscience and that they are using this coercing force."

Dewey and Berry appeared in court to ask the indictment against the minister be dismissed because the charge was not written under proper Internal Revenue Service statutes.

But the judge held the indictment referred clearly to the statutes, although not mentioning them by name.

DiSalle for U.S. President? Mike Says, 'Ridiculous'

WASHINGTON (AP)—There is at least one newly elected Democrat who, apparently, does not covet his party's presidential nomination in 1960—Gov.-elect Michael V. DiSalle of Ohio.

DiSalle, at a press conference here Friday, replied to a reporter who brought up the subject:

"It becomes so totally ridiculous nobody would print it. I was lucky to be elected governor."

DiSalle said he thinks he could have been elected even if the controversial right-to-work proposal were not on the ballot. The proposal has been cited as a contributing factor to heavy Republican losses in Ohio.

Shotgun Helps Couple Decide on Furniture

SALINA, Kan. (AP)—Sitting in their bedroom, George McDowell and his wife were trying to decide whether to buy new dining room or bedroom furniture for their family Christmas gift.

While they talked, McDowell cleaned his shotgun. It fired.

A gaping hole in the bed made the choice of gifts easy.

East German Paper Fears Peace Threat

Bonn Government Urges Allies To Be Ready To Use Force

BERLIN (AP)—The official press of Communist East Germany fired a new round of attacks on the Western powers today in an effort to get them out of West Berlin.

The official Communist newspaper Neues Deutschland declared the Western Allies were endangering world peace by continuing their occupation in the former German capital.

By remaining in the city, the paper said, they are "playing with fire and thereby bringing more than Berlin into danger."

But West German officials advocated a tough Western policy of using tanks and fighter planes if necessary to maintain the links between Berlin and West Germany.

Berlin is 110 miles behind the Iron Curtain. All its road, rail, water, and air routes for supplying the 10,000 American, British and French troops in West Berlin are at the mercy of the Communists.

Twelve days ago Soviet Premier Khrushchev said the Soviet Union was ready to drop out of the four-power control of the city that has been maintained since World War II. He said the West should do likewise and would have to make arrangements with East Germany, which the West does not recognize, if it wanted to maintain links to Berlin.

Heinrich von Brentano, West German foreign minister, flew into Berlin for talks with Mayor Willy Brandt of West Germany on the threatened squeeze against the Western position here.

Der Abend, a West Berlin newspaper, said four-power negotiations were under way on the future of Spandau Prison in West Berlin which still houses Rudolf Hess, Albert Speer, and Baldur von Schirach, three high-ranking Nazis convicted of war crimes.

If the Soviet Union pulls out of the four-power setup in Berlin, it might drop its share of control over the prison too, the paper suggested.

French officials here and the British Foreign Office in London denied knowledge of any such negotiations.

There was no indication when the Soviet Union might carry out its announced plans to turn over to the Communist East German government control of Allied communications to Berlin in an effort to force the Western powers to abandon their position in the former German capital.

Several ambassadors had been reported summoned to the Soviet Foreign Ministry in Moscow today "to receive an important document," presumably on Soviet intentions for Berlin.

However, only the Dutch, Belgian and Austrian ambassadors were summoned to the ministry and they discussed routine business not involving Berlin.

The U.S. and British embassies in Moscow said they had no indication of a summons.

Chancellor Konrad Adenauer of West Germany had said he had learned that nations which fought Nazi Germany were due to receive a note on the four-power occupation of Berlin. Nikita Khrushchev launched a drive 12 days ago to end the occupation and get the Allies out of Berlin.

Driver Injured In Collision On Route 23

Dee Bays, 33, North Kenova, was injured when the car he was driving crashed into the rear of a tractor-trailer assembly at 10:45 p. m. yesterday on Route 23 about three miles north of here.

Bays was taken to Berger Hospital for a fractured right knee cap, lacerations and possible chest injuries.

The tractor-trailer was operated by Everett Rayburn Jr., 24, Pt. Pleasant, W. Va. He was not injured.

State Highway Patrolman Gene Miller said Bays' auto crashed into the rear of the truck which was attempting to pass another tractor-trailer assembly. The vehicles were headed north.

PATROLMAN Miller said the front of the car was demolished. The tractor-trailer suffered minor damage.

Miller said Bays was cited for failure to have assured clear distance ahead.

Rebuilding of GOP Needed To Save Conservatives, Claim

COLUMBUS, Ohio (AP)—Raymond Moley, newspaper columnist and editor of Newsweek Magazine, said today the Republican Party must be rebuilt if it and the voice of the conservative is not to be lost.

"This (November) election was a great conservative defeat," Moley said. "It is a shock and a severe one."

In a prepared address before a luncheon at the annual meeting of the Ohio Chamber of Commerce, Moley said the Congress that convenes in January will be dominated by labor. He added:

"Don't let us waste too much time trying to find a way to stop the political march of the unions. . . . The fact is that these union leaders have used smart political methods, mostly legitimate political methods. They moved into a great vacuum and have had their own way. And it is the able and intelligent conservatives who have created that vacuum."

Moley said the only way to equalize the trend toward labor domination is "to mobilize a conservative majority at the polls."

"There is, I am absolutely certain, a conservative majority in this country," Moley said. "The mobilization of that conservative majority must be the task of two means of organization."

Moley said these two means would consist of, first, a true conservative party (the Republican Party) dedicated to the ideals of conservatism. And second, an auxiliary organization "prepared and equipped to muster votes, for sound, conservative candidates."

The 65th annual meeting of the chamber winds up with a banquet this evening at which Sen. John W. Bricker will be the main speaker.

At a morning business analysis session, Dr. Leland S. Van Scoyoc, chairman of the economics department of Bowling Green State University questioned the philosophy that the future of this country is unlimited and that great prosperity lies ahead of us.

"I question (this philosophy)"

375 Students To Enter School

The Logan Elm Board of Education today stated they expected approximately 350 to 375 pupils to enter the consolidated high school, which will open in the fall of 1960.

The high school's bond issue passed in the November 4 general election and architects have been ordered to submit preliminary plans for its construction.

Looking toward the future, the Logan Elm Board has decided to erect a 425 to 450 capacity high school with permanent facilities, such as science laboratories, vocational and agricultural shops, to handle a maximum of 550 students when the time comes.

The board felt another 100 pupils could be handled by the addition of a few classrooms, which may be built at reasonable cost if necessary.

Robert Young Watches Clock Although He Is Show Owner

By BOB THOMAS
AP Motion Picture Writer

HOLLYWOOD (AP) — Robert Young's set had broken early but he said he would have to hurry through lunch to get back on time.

What's this? The man is not only the star of "Father Knows Best" but owns a big chunk of the TV series. Still he was taking no chances about holding up production.

That's the kind of a guy Bob Young has always been. He recalled with awe the antics of another actor he once co-starred with, a notable rake.

"Every noon, he and some bud-

dy of his would hop into a sports car and disappear for a couple of hours," Bob recalled. "When he came back to the set, he was a little unsteady. He spent the afternoon sipping from a large tumbler of vodka. About 5 o'clock, he'd have a conference with the director and then he'd be excused for the day."

There are no such shenanigans in television, I can assure you. Bob's show, for example, is turned out in a brisk three days. Sometimes the schedule is stretched to five days — "and then there's heck to pay."

"When you're dealing with kids, you sometimes have delays," he explained. "We still have one of them in school, and that means that he can't work three hours of the working day. And the kids must quit at 6, while we often shoot until 8 or later."

Bob said it was not unusual to get 35 set-ups — different camera angles — a day in TV, compared to five or six on a major picture. This doesn't bother him a bit.

"I had the best training in the world," he said. "When I was at MGM, I spent my early days doing one 16-day picture after another. In one year, I did seven of them."

Bob was this year's winner of the best-actor Emmy from the TV Academy. I asked if it had any effect on his career.

"I don't think so," he said. "In pictures, you can immediately raise your asking price for the next picture. But in TV, you're stuck in a series, and that's that. There's no telling whether the award has improved your standing."

1 Pct. Sales Tax Hike Is Studied

COLUMBUS, Ohio (AP)—What would a one per cent boost in the state sales tax add to the state's revenues?

About 70 million dollars annually, according to a report submitted Thursday to a committee of the Legislative Service Commission. The committee is studying state and local government financing problems.

The report also showed reinstating the penny tax on sales between 9 and 41 cents would produce an additional 10 millions and repeal of use exemptions would add another 36 millions.

Abolition of sales tax stamps would add another 10 millions. The sales tax, biggest single revenue producer for the state, yields about 221 million dollars annually.

Salesman Admits Threat In Extortion Attempt

CLEVELAND (AP) — John T. Casey, 33-year-old Youngstown salesman, pleaded guilty in Federal Court today to a charge of sending a threatening communication, in an attempt to extort \$50,000 from Youngstown industrialist Leon A. Beeghly.

Judge Paul C. Weick delayed sentence until a probation report has been made.

Casey could be sentenced to a maximum of 20 years in jail.

Woman Lawyer Stalls Newark Sewer Map

NEWARK, Ohio (AP)—A woman attorney has put a legal stumbling block in the part of plans to map sewer districts here. The project ties in with projected expansion of the sewage treatment plant.

Attorney Virginia Weiss secured a temporary injunction Thursday from Common Pleas Court, preventing the city from obtaining topographical maps of Newark.

Miss Weiss accused the city of an abuse of power by violating a state statute requiring competitive bidding on any contract over \$1,000.

Ohio Market Hog Price Drops to \$18.45 Level

He Guessed Wrong On Burglary Site

DANVILLE, Va. (AP) — Dave Spangler took out robbery insurance last week on two of his three dry cleaning branch offices.

He reasoned the third branch, on one of Danville's busiest downtown streets and within half a block of police headquarters, was beyond the daring of any stick-up artist.

A youthful robber this week held up one of the branches — the uninsured one — and made off with \$91.

Churches Ask End To Yule Parties

TOLEDO, Ohio (AP)—The Toledo Council of Churches today advised sponsors of office Christmas parties to "either dry it up or cut it out."

The council said it will ask its 8,000 business and industrial member concerns to take drastic steps to avoid drunkenness at Christmas celebrations.

It described its action as "a practical attempt to eliminate a source of death and destruction on the highway at a time when they hurt most — the Christmas season."

It is tragically ironic to celebrate a holiday dedicated to the Prince of Peace and then send people out on a public highway in a condition to injure or destroy their fellow men."

Man, 70, Gets 6-94 Year Term in Sex Case

AKRON, Ohio (AP)—Elmer E. McConaughy, 70, of Barberton, was sentenced to 6-to-94 years in Ohio Penitentiary Friday on six sex offenses involving young girls.

Judge Stephen Colopy imposed 1-15 years on four counts and 1-10 years on two other, all to run consecutively.

Robert Young Watches Clock Although He Is Show Owner

By BOB THOMAS

AP Motion Picture Writer HOLLYWOOD (AP) — Robert Young's set had broken early but he said he would have to hurry through lunch to get back on time.

What's this? The man is not only the star of "Father Knows Best" but owns a big chunk of the TV series. Still he was taking no chances about holding up production.

That's the kind of a guy Bob Young has always been. He recalled with awe the antics of another actor he once co-starred with, a notable rake.

Kingston Singers Plan for Concert

Initial meeting is set for 7:15 p. m. Saturday at the Kingston High School music room for the village's community choir and the high school chorus and combined junior choirs to begin practice for a concert Dec. 22.

The program will consist of well known carols, hymns and special Christmas selections. It is also planned to include a few choruses from "The Messiah."

The meeting is designed to acquaint the singers with the proposed program. Regular practice will then begin in two weeks — Dec. 6 with additional practices Dec. 13 and Dec. 20.

Miss Sandra Hohenstein will accompany the combined chorus at the piano.

1 Pct. Sales Tax Hike Is Studied

COLUMBUS, Ohio (AP)—What would a one per cent boost in the state sales tax add to the state's revenues?

About 70 million dollars annually, according to a report submitted Thursday to a committee of the Legislative Service Commission. The committee is studying state and local government financing problems.

The report also showed reinstating the penny tax on sales between 9 and 41 cents would produce an additional 10 millions and repeal of use exemptions would add another 36 millions.

Abolition of sales tax stamps would add another 10 millions. The sales tax, biggest single revenue producer for the state, yields about 221 million dollars annually.

Salesman Admits Threat In Extortion Attempt

CLEVELAND (AP) — John T. Casey, 33-year-old Youngstown salesman, pleaded guilty in Federal Court today to a charge of sending a threatening communication, in an attempt to extort \$50,000 from Youngstown industrialist Leon A. Beeghly.

Judge Paul C. Weick delayed sentence until a probation report has been made.

Casey could be sentenced to a maximum of 20 years in jail.

Woman Lawyer Stalls Newark Sewer Map

NEWARK, Ohio (AP)—A woman attorney has put a legal stumbling block in the part of plans to map sewer districts here. The project ties in with projected expansion of the sewage treatment plant.

Attorney Virginia Weiss secured a temporary injunction Thursday from Common Pleas Court, preventing the city from obtaining topographical maps of Newark.

Miss Weiss accused the city of an abuse of power by violating a state statute requiring competitive bidding on any contract over \$1,000.

Ohio Market Hog Price Drops to \$18.45 Level

COLUMBUS, Ohio (AP) — Hog prices in Ohio dropped to an average of \$18.45 per hundredweight this week, 65 cents below last week.

Prices hit a low of \$17.75 to \$18.00 Wednesday

dy of his would hop into a sports car and disappear for a couple of hours," Bob recalled. "When he came back to the set, he was a little unsteady. He spent the afternoon sipping from a large tumbler of vodka. About 5 o'clock, he'd have a conference with the director and then he'd be excused for the day."

There are no such shenanigans in television, I can assure you. Bob's show, for example, is turned out in a brisk three days. Sometimes the schedule is stretched to five days — "and then there's heck to pay."

"When you're dealing with kids, you sometimes have delays," he explained. "We still have one of them in school, and that means that he can't work three hours of the working day. And the kids must quit at 6, while we often shoot until 8 or later."

Bob said it was not unusual to get 35 set-ups — different camera angles — a day in TV, compared to five or six on a major picture. This doesn't bother him a bit.

"I had the best training in the world," he said. "When I was at MGM, I spent my early days doing one 16-day picture after another. In one year, I did seven of them."

Bob was this year's winner of the best-actor Emmy from the TV Academy. I asked if it had any effect on his career.

"I don't think so," he said. "In pictures, you can immediately raise your asking price for the next picture. But in TV, you're stuck in a series, and that's that. There's no telling whether the award has improved your standing."

He Guessed Wrong On Burglary Site

DANVILLE, Va. (AP) — Dave Spangler took out robbery insurance last week on two of his three dry cleaning branch offices.

He reasoned the third branch, on one of Danville's busiest downtown streets and within half a block of police headquarters, was beyond the daring of any stick-up artist.

A youthful robber this week held up one of the branches — the uninsured one — and made off with \$91.

Churches Ask End To Yule Parties

TOLEDO, Ohio (AP)—The Toledo Council of Churches today advised sponsors of office Christmas parties to "either dry it up or cut it out."

The council said it will ask its 8,000 business and industrial member concerns to take drastic steps to avoid drunkenness at Christmas celebrations.

It described its action as "a practical attempt to eliminate a source of death and destruction on the highway at a time when they hurt most — the Christmas season." "It is tragically ironic to celebrate a holiday dedicated to the Prince of Peace and then send people out on a public highway in a condition to injure or destroy their fellow men."

Man, 70, Gets 6-94 Year Term in Sex Case

AKRON, Ohio (AP)—Elmer E. McConaughy, 70, of Barborton, was sentenced to 6-to-94 years in Ohio Penitentiary Friday on six sex offenses involving young girls.

Judge Stephen Colopy imposed 1-15 years on four counts and 1-10 years on two other, all to run consecutively.

Booklet Describes Growth of Patrol

The Ohio State Highway Patrol, representing 25 years of distinguished service, has published an interesting booklet covering operations and growth since the group was organized in 1933.

The publication deals with historical highlights of the patrol including stories on the three superintendents, Colonel Lynn Black, Colonel George Mingle and Colonel Fred Moritz, present superintendent.

The booklet also describes training requirements for present day patrolmen and the high standards applicants must have before being accepted.

Included in the edition is a full-sized picture of Gene Miller, a patrolman assigned to the three-man unit here.

Ohio Legislative Study Reports To Be Due by Feb. 1

COLUMBUS, Ohio (AP)—The chairman of the Legislative Service Commission, fact-finding arm of the General Assembly, called today for reports from study committees by Feb. 1.

Sen. C. Stanley Mechem (R-Athens) said reports from some of the committees studying state problems will be received at the commission's next meeting Dec. 17.

He said reports from all committees are expected in time to submit them early in the next session of the Legislature, which convenes Jan. 5.

Areas under study include those dealing with public welfare, metropolitan problems, liquor and eminent domain laws, education, horse racing and taxation.

375 Students To Enter School

The Logan Elm Board of Education today stated they expected approximately 350 to 375 pupils to enter the consolidated high school, which will open in the fall of 1960.

The high school's bond issue passed in the November 4 general election and architects have been ordered to submit preliminary plans for its construction.

Looking toward the future, the Logan Elm Board has decided to erect a 425 to 450 capacity high school with permanent facilities, such as science laboratories, vocational and agricultural shops, to handle a maximum of 550 students when the time comes.

The board felt another 100 pupils could be handled by the addition of a few classrooms, which may be built at reasonable cost if necessary.

Hymns to be sung by the congregation include, "Count Your Blessings," "God of Our Fathers," and "Our Best."

The Thanksgiving Building Fund Offering will be received in the morning services. The rites of Holy Baptism will be observed.

Sunday School in the children's department will convene in the service center at 9:30 a. m. with Mrs. Robert Dumm in charge. Church School in the youth and adult departments will meet following the worship service.

The Boy's and Girl's Fellowship will meet in the service center at 10:30 a. m. Nursery care is provided for children up to four years old during both the worship service and Sunday School.

Presbyterian

"We Give Thee Thanks." This is the theme for the Thanksgiving Sunday morning service of worship at the Presbyterian Church, 10:30 a. m.

Why do we persist in saying this over and over in our minds, in our daily prayers, and annually devoting a whole legal holiday to giving thanks? Should we ignore the things for which we cannot be thankful? A world in which an "Iron Curtain" and now a "Bamboo Curtain" exist is not exactly a matter for pride and gratitude. Persecution and violence, paganism and communism compete for the loyalties of people. So long as juvenile delinquency competes with adult delinquency for "fame"

in the field of crime how can anyone take a day off just to give thanks? Yet this we do. It is a national legal holiday documented by an annual proclamation from the president of the United States of America.

There is a clear and concise answer to this about which every citizen knows and needs to learn to speak out with the loud voice of authority. The answer begins with the humble and contrite and stout hearts of men, women and children who come before the Lord whose redemptive plan and purpose can be neither altered nor defeated by the efforts of men.

The Rev. Donald Mitchell will pursue this theme in the Thanksgiving service which is based upon the Book of Revelation, chapter 11. In the choir which is directed by Mrs. Clark Will, Mrs. Ronald Knecht will sing a soprano solo, "A Song Of Thanksgiving" by Harling.

In the evening at 7:30 o'clock, the annual Thanksgiving musicale will be held in the sanctuary featuring the Adult and Junior choirs directed by Mrs. Clark Will and Mrs. Fred Tammany, and the organ music played by Mrs. Theodore L. Huston.

The musicale is open to the public and affords opportunity to gather with friends and enjoy the Thanksgiving music by the beautiful organ and the choirs.

Following the service of music there will be a reception in the social room of the church, sponsored by the Board of Deacons whose wives will be hostesses for the occasion.

First Baptist

Sunday School Classes will convene in Circleville First Baptist Church at 9:30 a. m. Sunday. Worship services will begin at 10:30 a. m.

"The Devil's Religion" will be the subject of the morning message. Jesus was talking to the leading religious leaders of His day when He said, "Ye are they which justify yourselves before men; but God knoweth our hearts: for that which is highly esteemed among men is an abomination in the sight of God." Luke 16:15. Jesus flayed their "soap box" religion to be seen of men. There was no closet praying that would make God get glory. They made a loud noise and then devoured widows' houses. Faith in Christ will cause one to have a humble spirit and a repentant heart.

"Gideon's Battle" is the theme chosen for the evening message. Evening worship services begin at 7:30 p. m. preceded by the Baptist Training Union at 6:30 p. m. The regular mid-week prayer service begins at 7:30 p. m. Wednesday. Rev. Darty Stowe, the secretary of missions for Ohio Baptists will be guest speaker for the Wednesday evening service.

St Philips

The Sunday next before Advent will be observed at St. Philip's Church with a celebration of the Holy Communion at 8 a. m. and Morning Prayer at 10:30 a. m. Stephen Ater will be acolyte in charge at the 8 a. m. service.

Altar vases given by friends in memory of Marion Rowe Fickhardt will be dedicated at the 10:30 a. m. Morning Prayer service. The Rev. William G. Huber will preach on the limitations of science in solving the problems which beset the world today.

Music to be sung at the later service will include the offertory anthem, "It is a Good Thing to Give Thanks" by Meredith, and traditional Thanksgiving hymns: "Come Ye Thankful People Come," "We Plow the Fields and Scatter," and "O God, Beneath Thy Guiding Hand." Mrs. Howard Moore will direct the choir and Mrs. Betty Goodman will be the organist. Ted Goodman will be acolyte in charge at the 10:30 a. m. service.

Worship Every Week ---

"Your Part In God's Plan"
Topic Chosen by Rev. Zehner

On this last Sunday of the church year, duplicate worship services will be held in Trinity Lutheran Church at 8:30 and 10:45 a. m. Pastor Carl G. Zehner has chosen for his sermon, the theme, "Your Part In God's Plan" based on Romans 12:4-5.

The Youth Choir will lead the singing at the early service, led by Clifford Kerns.

At the late service, the Adult Choir will present an anthem, under the direction of Carl C. Leist.

Mrs. Karl Herrmann will preside at the organ at both services.

The Adult Discussion group will meet in the pastor's study at 9:30 a. m. At the same time, Sunday school classes for all ages will be held in the church and Parish House.

The Nursery will be open in the Parish House during the late service for small children.

Services will be held in Christ Church at 2 p. m. Sunday.

Wednesday evening at 7:30 p. m. Thanksgiving Eve services will be held in Trinity Lutheran Church.

All of the Choirs will present special music, the Adult Choir, led by Mr. Carl C. Leist, and the Children's and Youth Choirs, led by Mr. Clifford Kerns.

There will be a special ingathering of food for needy families.

First EUB

"In Everything Give Thanks" has been chosen by the Rev. O. F. Gibbs for his Annual Thanksgiving message to be delivered at the First Evangelical United Brethren Church Sunday morning. The service begins at 9:30 a. m. Edwin Richardson will assist the pastor in the worship service.

The Fidelis Chorus, directed by Miss Lucille Kirkwood, will sing,

"Amen! Praise Ye the Lord" by Boalt. Mrs. Verneal Thomas, organist, will play the following numbers: Prelude, "Song of the Pilgrims" by Martin; Offertory, "God's House" by Loucks; and Postlude, "Voluntary" by Heyser. Hymns to be sung by the congregation include, "Count Your Blessings," "God of Our Fathers," and "Our Best."

The Thanksgiving Building Fund offering will be received in the morning services. The rites of Holy Baptism will be observed.

Sunday School in the children's department will convene in the service center at 9:30 a. m. with Mrs. Robert Dumm in charge. Church School in the youth and adult departments will meet following the worship service.

The Boy's and Girl's Fellowship will meet in the service center at 10:30 a. m. Nursery care is provided for children up to four years old during both the worship service and Sunday School.

Presbyterian

"We Give Thee Thanks." This is the theme for the Thanksgiving Sunday morning service of worship at the Presbyterian Church, 10:30 a. m.

Why do we persist in saying this over and over in our minds, in our daily prayers, and annually devoting a whole legal holiday to giving thanks? Should we ignore the things for which we cannot be thankful? A world in which an "Iron Curtain" exists is not exactly a matter for pride and gratitude. Persecution and violence, paganism and communism compete for the loyalties of people. So long as juvenile delinquency competes with adult delinquency for "fame"

in the field of crime how can anyone take a day off just to give thanks! Yet this we do. It is a national legal holiday documented by an annual proclamation from the president of the United States of America.

There is a clear and concise answer to this about which every citizen knows and needs to learn to speak out with the loud voice of authority. The answer begins with the humble and contrite and stout hearts of men, women and children who come before the Lord whose redemptive plan and purpose can be neither altered nor defeated by the efforts of men.

The Rev. Donald Mitchell will pursue this theme in the Thanksgiving sermon which is based upon the Book of Revelation, chapter 11. In the choir which is directed by Mrs. Clark Will, Mrs. Ronald Knecht will sing a soprano solo, "A Song Of Thanksgiving" by Harling.

In the evening at 7:30 o'clock, the annual Thanksgiving musicale will be held in the sanctuary featuring the Adult and Junior choirs directed by Mrs. Clark Will and Mrs. Fred Tammany, and the organ music played by Mrs. Theodore L. Huston.

The musicale is open to the public and affords opportunity to gather with friends and enjoy the Thanksgiving music by the beautiful organ and the choirs.

Following the service of music there will be a reception in the social room of the church, sponsored by the Board of Deacons whose wives will be hostesses for the occasion.

First Baptist

Sunday School Classes will convene in Circleville First Baptist Church at 9:30 a. m. Sunday. Worship services will begin at 10:30 a. m.

"The Devil's Religion" will be the subject of the morning message. Jesus was talking to the leading religious leaders of His day when He said, "Ye are they which justify yourselves before men; but God knoweth our hearts: for that which is highly esteemed among men is an abomination in the sight of God." Luke 16:15. Jesus flayed their "soap box" religion to be seen of men. There was no closet praying that would make God get glory. They made a loud noise and then devoured widow's houses. Faith in Christ will cause one to have a humble spirit and a repentant heart.

"Gideon's Battle" is the theme chosen for the evening message. Evening worship services begin at 7:30 p. m. preceded by the Baptist Training Union at 6:30 p. m. The regular mid-week prayer service begins at 7:30 p. m. Wednesday. Rev. Darty Stowe, the secretary of missions for Ohio Baptists will be guest speaker for the Wednesday evening service.

St Philips

The Sunday next before Advent will be observed at St. Philip's Church with a celebration of the Holy Communion at 8 a. m. and Morning Prayer at 10:30 a. m. Stephen Ater will be acolyte in charge at the 8 a. m. service. Altar vases given by friends in memory of Marion Rowe Fickhardt will be dedicated at the 10:30 a. m. Morning Prayer service. The Rev. William G. Huber will preach on the limitations of science in solving the problems which beset the world today.

Music to be sung at the later service will include the offertory anthem, "It is a Good Thing to Give Thanks" by Meredith, and traditional Thanksgiving hymns: "Come Ye Thankful People Come," "We Plow the Fields and Scatter," and "O God, Beneath Thy Guiding Hand." Mrs. Howard Moore will direct the choir and Mrs. Betty Goodman will be the organist. Ted Goodman will be acolyte in charge at the 10:30 a. m. service.

When we pause to be thankful for God's many blessings, it isn't really a time of looking back.

Just for a moment we survey the road we have travelled. We are grateful for the abundance we have received . . . for the strength and the happiness that have been given us.

But then we sense the real meaning of Thanksgiving. We look ahead along the road to tomorrow. We face all the uncertainties of the future with one supreme confidence; the loving God who has so blessed us in the past is our hope and strength and happiness through the years to come!

Faith more than gratitude is the spirit of Thanksgiving. When you come to your Church to thank God, you are taking another confident, faithful step toward life's spiritual goal.

BRING A FRIEND TO CHURCH WITH YOU

U.S. Switches to Missiles

The United States, in recasting its defense strategy to place greater reliance on missiles is following a lead already set by Great Britain and, more recently, Canada.

The shift in strategy is not the result of sudden decision. Its genesis goes back more than 15 years to the bursting of the first atomic bomb over the desert sands of New Mexico and to the raining of nazi guided missiles on England. Unrelated then, the combination of rocket and nuclear power foredoomed traditional military reliance on massiveness—ever more men, ever more arms—as the key to

Under the new defensive concept, manpower of the Army and Marines will be reduced by a total of 55,000 as planned a year ago. The Navy will be kept strong and mobile, and efforts will be made to strengthen Allied forces in non-communist countries.

The emphasis on missiles will be increased, but on a carefully controlled schedule based on proved capabilities. This is no reflection of uncertainty. Defense Secretary McElroy has stated that in a month decision will be made as to whether the

Air Force Thor or the Army Jupiter intermediate-range missile is to be continued in production. Both are for Air Force use and since the capabilities are virtually identical, it is a senseless waste to continue production of both.

Development of intercontinental range missiles is to be stepped up. Here again a decision will be made as to which is best suited to military needs, the liquid-fueled Atlas or Titan, or eventually the Minuteman missile, which will boast the quick retaliatory powers of solid fuel propulsion.

It is further foreseen that ground-to-air missiles, such as the Nike Hercules and the Bomarc, will take the place of manned interceptors. Great Britain, in a White Paper on defense, reached a similar conclusion. A few weeks ago Canada announced it would abandon its interceptor program in favor of the U. S. Bomarc.

Ultimately the United States will abandon an essentially shaky system of bases for 1,500-mile range missiles abroad. Reliance will be placed solely on intercontinental missiles based on this side of the Atlantic.

Time To Buy Seals Again

So accustomed have people become to Christmas Seals that the Yuletide season would be drab without them. Something would be lacking if they were not available, something with a friendly, humane message, which has the true significance of the period for which they were designed. The 52nd annual sale of these cherished emblems expressive of good will and hope for better health conditions is getting underway.

Many persons will receive consignments of seals through the mails and otherwise. During the holiday season, as well as earlier, these messengers of mercy are to be used on letters and parcels entrusted to the mails of forwarded in other ways.

Money derived from the sale, as everyone knows, is to be used in the fight against tuberculosis. Each purchaser will be contributing to a project in which every community has a stake. It will be great if everyone is liberal in purchase and use of the seals.

Courtin' Main

A dime is a dollar after the taxes have been taken out.

Elite Get the Privileges

The good citizen does not often come in conflict with the privileges of the elite, but these privileges do exist and they are increasing in number.

Look at the low numbered license plates in large cities, or the deputy commissioner of this-and-that shield which takes milady to the department store where a chauffeur parks in an unpermitted place. One such car that I saw carried red lights, like a fire chief. I looked inside the car and saw only the wife of a businessman.

So a friend of mine found that his father was dying on a transatlantic liner and that his mother would be alone. The young man wished a privilege which most politicians use all the time and newspapermen have always been able to use, namely to get to the ship as quickly as possible on what used to be called a revenue cutter in my youth.

Of course, being a plain citizen, he applied to the proper places. He should have applied to a politician who would have arranged what he wanted in no time. He tells me:

"I called and spoke with six men in New York, diverse members of the U. S. Coast Guard, and of the U. S. Customs: men of unfailing courtesy and tenderness. . . but helpless to advance so bold a request as I was making. Nothing, they concurred, could be done without the intervention of the Collector of Customs himself, who was due in his office at nine in the morning. The Coast Guard cutter, I explained, was due to leave for the Narrows a very few minutes after nine; could not someone else, at this advanced hour, and considering the emergency, intervene? Sadly, I was told, No."

Then he writes:

"I turned, as one does in such circumstances, to my friends. In a few minutes, calls had been put in to those critical telephone numbers that you and I know all about. But it was after midnight, and nothing conclusive was accomplished. We had, however, wrested from one man the home telephone number of Mr. R. W. Dill, the Collector of Customs in New York, and I lay in wait for him, and rang his number at 7:30 a. m. He was terribly sorry (and terribly kind, I hasten to say); but the order prohibiting passengers on the Coast Guard cutter was categorical; and he, the Collector of Customs for the Port of New York, did not have the power to grant an exception

whatever the circumstances. Who could? I asked. Only Mr. Ralph Kelly, Commissioner of Customs in Washington."

Finally he got to two Senators, two Congressmen and two Administrative Assistants to two other Senators and a national committeeman. Now, he was getting hot. That is where he should have started — with the elite. He should have started with those for whom citizens are bumped off crowded planes and for those for whom compartments are "sold twice" on crack trains. These are the elite.

But mark you, what happened to my friend? He was finally given the pass and he got on the cutter and there he found not less than 25 other civilians on board. He asked himself:

"... Did they all have dying fathers? I observed, and listened. The majority, I learned, were members of the staffs of Congressmen returning from Europe. They were present as retinue, there to dissipate any inconvenience that might conceivably get in the way of the harmonious disembarkation of their employers."

The reason given to my friend for not letting a citizen meet a dying father or a suffering and frightened mother by a revenue cutter is that it is dangerous. Bunk! I did it when I was a shavetail learning this business. The real reason is that

New Vault In Statehouse Now Abuilding

COLUMBUS, Ohio (AP)—A big new vault is being rushed to completion in the Statehouse basement to help safeguard Ohio's growing stack of bonds.

Treasurer Roger W. Tracy has reported that assets of four state retirement systems and the workmen's compensation system went well over the billion dollar mark last month.

Total "net worth" of the five systems hit \$1,198,204,496 on Oct. 31. Included in that sum was the aggregate bond account of \$1,183,434,529. The rest was cash.

Total over-all assets of those trust accounts increased more than 55½ million dollars during the first four months of the book-keeping year which began last July 1.

Tracy cited figures to show the need for the new vault he expects to put into operation next month. During the past four months, he said bond holdings increased an average of 12¼ million dollars a month.

Besides the workmen's compensation system, the retirement systems are for teachers, public employees, school employees and the State Highway Patrol.

Gen. Pershing suggested in 1920 that the U. S. Army Infantry be motorized and airborne. It wasn't until 1940 that these ideas were carried out.

this is a privilege held out for the elite including press agents for movie stars and various other personalities, most of whom were manufactured as such by being permitted to enter Sherman Billingsley's "Cub Room."

My friend naturally is hurt in spirit by this inhumane attitude of the bureaucracy. He is only beginning to learn that in what is called a democracy, the bureaucrats get small pay but big privileges. One privilege is showing off; another is displaying power; the third is making the citizen grovel. But before a politician, these same bureaucrats squirm like eels, because that is where the jobs and the dough come from.

NEW YORK (AP) — The 1959 edition of the New York Social Register is minus the names of such personages as Cornelius Vanderbilt Whitney, novelist John P. Marquand and Georgia Rockefeller.

The latest edition of society's blue book, out Thursday, also dropped socialite Timothy Fales, who last week married entertainer Josephine P. P. P. Fales' elimination, however, stemmed from his earlier divorce from Ellen Wood, former model.

Whitney was eliminated for divorcing his second wife, Eleanor Searle, to marry Hollywood actress Mary Hoford. Eleanor remains listed.

Marquand lost his listing as a result of his divorce from his second wife.

Miss Rockefeller, formerly of Greenwich, Conn., was dropped for marrying unlisted J. Harden Rose of Lockport, Ill.

Lillian Boswick, heiress to a sugar refining fortune, was also eliminated. She married a physician, Elmer W. Davis.

GERALD W. JOHNSON suggests in his new book, *Peril and Promise*, that "you might be interested to discover who was the most successful of all our Presidents, measured by the ability to do everything he promised. It was James K. Polk!"

Polk promised that if he were elected, he would acquire California, settle the Oregon dispute, lower the tariff, establish a subtreasury, and retire at the end of his first term. He was elected in 1845—and accomplished every one of his five major aims! No one has ever approached that record.

Take Wife's Health Advice

By Herman N. Bundesen, M.D.
Memo to all husbands:
Listen to the little woman, at least when she talks about your health.

For some time now, we have known that women occupy a much more favorable position than men in national health statistics. The average woman will live about six or seven years longer than her husband.

And two out of every three brides can expect to outlive their groom.

There is no secret to this longer life for the females. The reason is known by every doctor. Women live longer, generally, because they seek medical advice three times more often than do their busy spouses.

Let's take just one disease—tuberculosis—to illustrate my point. Dr. Edward A. Piszczek, field director for the Suburban Cook County (Illinois) Tuberculosis Sanitarium District, conducted a study recently of male and female TB cases.

It showed that 41.1 per cent of the female cases were reported in the earlier possible stage of the disease, the minimal stage. This figure is almost 50 per cent greater than that for men.

About three times as many women report tuberculosis of the kidney, bone, etc.

Yet the incidence of far advanced TB among men is nearly two and one-half times greater than it is among women.

The conclusion is obvious: women seek medical advice much earlier.

Machinists Strike Trans World Airline

KANSAS CITY (AP) — Trans World Airlines machinists struck today just as the union announced the airline had made a new proposal.

Pickets were placed at the TWA building at the Municipal Airport here.

Cliff Miller, chairman of District 142 of the International Assn. of Machinists, announced the new proposal as he left a negotiating session with company representatives. He said, "We will take it under advisement."

Meantime, he said, the strike will go on.

Called out on strike were nearly 7,000 machinists.

over, they tend to go to a doctor more frequently when they notice any deviation from their normal health pattern.

In the case of TB, proportionately more women than men are getting the disease today. However, with the help of their doctors they are discovering the disease in earlier stages.

Thus, more women are being cured and rehabilitated.

I realize that despite all my shouting about the subject, few of you men heed my warnings to have an annual check-up and to see your doctor when even mild symptoms trouble you.

Your wife, on the other hand, knows the value of this advice. So listen to her—once in a while, anyway.

Question and Answer

M. G.: My tongue is coated. What would you advise?

Answer: Coated tongue sometimes comes from constipation, although in many cases no cause for it can be discovered.

If you are in good physical condition, no attention need be paid to your tongue.

The World Today

By James Marlow

WASHINGTON (AP) — The elections were two weeks ago. Now — 14 days and many thousands of words later — what is the picture on why the Republicans lost and what the new Congress will do?

Two things are certain: (1) the Republicans took a terrible drubbing, and (2) this happened because the voters had "more confidence in the Democrats."

But the arguments on why this was so are still going on.

Apologists for the Republicans are still straining to minimize the significance of their defeat. Critics blame their loss on everything from poor leadership by President Eisenhower to reactionary Republican policy.

One conclusion seems reasonable: that the Republicans had better get wise to themselves and get more in step with whatever it is the voters want, if they hope to do any better in 1960.

But the real post-election discussion covers speculation on what the new Congress will do.

This much seems certain when Congress comes back in January:

A group of liberal senators, both Democrats and Republicans from the North and West, will try to curb the filibustering power of Southern Democrats who have used unlimited debate to block most civil rights legislation.

The rule on filibusters may possibly be changed to make it easier to smash them. But that by no means is a guarantee that any major civil rights bill would get through Congress in 1959.

Both parties may think it politically

ically smarter to push civil rights harder in 1960, since that's an election year and minority groups would have a more recent and vivid memory of any progress made.

Such a deliberate delay could turn out to be poor strategy for the Democratic leadership at least and for this reason:

A blazing quarrel between Northern and Southern Democrats in 1960 over civil rights might damage party unity when they get to that year's nominating convention. Without party unity in the campaign, the door would be open to a Republican victory.

But the biggest guessing of all — and it probably will continue until well after the January opening of the new Congress — covers questions like these:

1. Since a number of the most

conservative Republicans in the Senate lost out in the election, will the more liberal wing of the party be able to assert itself and give Republicanism a meaning more to the voters' liking?

2. Will the newly elected Democratic senators — most of them classified as liberals — be able to join forces with the present group classified as liberals in such a way as to shape the kind of Democratic programs they want?

3. Will Sen. Lyndon Johnson of Texas, leader of the Senate Democrats, have as much control over the at least 62 Democrats in the next Senate as he did over the old one where the Democrats numbered only 49?

The best and most honest answer anyone can give to all three questions is simply: wait and see.

Cincinnati Pacifist Plans To Again Defy Federal Court

CINCINNATI (AP) — The Rev. Maurice McCrackin, local pacifist, intends to continue his defiance of the U.S. District Court. He contends his struggle is a moral, not a legal one.

The 52-year-old minister said Thursday night he will not appear in U.S. District Court Monday to plead to an indictment on a charge of failure to answer an Internal Revenue Service summons on his income tax troubles.

He issued his statement several hours after being released from county jail where he had been held since Friday for psychiatric examination. Three psychiatrists earlier had declared him to be mentally competent.

The pacifist minister's difficulties arose over his long-time refusal to pay all of his income taxes because part of the money went for military equipment.

Twice he has had to be carried into court bodily—once for a hearing before a U.S. commissioner and the second time last Friday when he was to have been arraigned before U.S. District Judge John H. Druffel on the indictment.

On both occasions he refused to stand or make any kind of a plea. He also has refused to make any arrangements for an attorney.

After the incident last Friday Judge Druffel ordered the psychiatric examination.

When the minister was released from jail Thursday he was handed a summons to appear Monday before Judge Druffel.

The Rev. McCrackin's later statement said:

"I believe it is an evil what the courts are doing in helping to collect taxes for war and in trying to force the conscience of those who are unwilling to give financial aid to this great sin. I cannot cooperate with what I believe evil and in this particular case I cannot therefore cooperate with the court. Therefore, I feel I cannot respond to the summons Monday."

Court observers said if McCrackin fails to show up on Monday he probably will lay himself open to a contempt of court citation.

During his stay in jail the Rev. McCrackin also declined to cooperate with two court-appointed attorneys. The attorneys, however, filed a motion to dismiss the indictment.

McCrackin's comment on that was:

U.S. Switches to Missiles

The United States, in recasting its defense strategy to place greater reliance on missiles is following a lead already set by Great Britain and, more recently, Canada.

The shift in strategy is not the result of sudden decision. Its genesis goes back more than 15 years to the bursting of the first atomic bomb over the desert sands of New Mexico and to the raining of nazi guided missiles on England. Unrelated then, the combination of rocket and nuclear power foredoomed traditional military reliance on massiveness—ever more men, ever more arms—as the key to

Under the new defensive concept, manpower of the Army and Marines will be reduced by a total of 55,000 as planned a year ago. The Navy will be kept strong and mobile, and efforts will be made to strengthen Allied forces in non-communist countries.

The emphasis on missiles will be increased, but on a carefully controlled schedule based on proved capabilities. This is no reflection of uncertainty. Defense Secretary McElroy has stated that in a month decision will be made as to whether the

Air Force Thor or the Army Jupiter intermediate-range missile is to be continued in production. Both are for Air Force use and since the capabilities are virtually identical, it is a senseless waste to continue production of both.

Development of intercontinental range missiles is to be stepped up. Here again a decision will be made as to which is best suited to military needs, the liquid-fueled Atlas or Titan, or eventually the Minuteman missile, which will boast the quick retaliatory powers of solid fuel propulsion.

It is further foreseen that ground-to-air missiles, such as the Nike Hercules and the Bomarc, will take the place of manned interceptors. Great Britain, in a White Paper on defense, reached a similar conclusion. A few weeks ago Canada announced it would abandon its interceptor program in favor of the U. S. Bomarc.

Ultimately the United States will abandon an essentially shaky system of bases for 1,500-mile range missiles abroad. Reliance will be placed solely on intercontinental missiles based on this side of the Atlantic.

Time To Buy Seals Again

So accustomed have people become to Christmas Seals that the Yuletide season would be drab without them. Something would be lacking if they were not available, something with a friendly, humane message, which has the true significance of the period for which they were designed. The 52nd annual sale of these cherished emblems expressive of good will and hope for better health conditions is getting underway.

Many persons will receive consignments of seals through the mails and otherwise. During the holiday season, as well as earlier, these messengers of mercy are to be used on letters and parcels entrusted to the mails or forwarded in other ways.

Money derived from the sale, as everyone knows, is to be used in the fight against tuberculosis. Each purchaser will be contributing to a project in which every community has a stake. It will be great if everyone is liberal in purchase and use of the seals.

Elite Get the Privileges

The good citizen does not often come in conflict with the privileges of the elite, but these privileges do exist and they are increasing in number.

Look at the low numbered license plates in large cities, or the deputy commissioner of this-and-that shield which takes milady to the department store where a chauffeur parks in an unpermitted place. One such car that I saw carried red lights, like a fire chief. I looked inside the car and saw only the wife of a businessman.

So a friend of mine found that his father was dying on a trans-Atlantic liner and that his mother would be alone. The young man wished a privilege which most politicians use all the time and newspapermen have always been able to use, namely to get to the ship as quickly as possible on what used to be called a revenue cutter in my youth.

Of course, being a plain citizen, he applied to the proper places. He should have applied to a politician who would have arranged what he wanted in no time. He tells me:

"I called and spoke with six men in New York, diverse members of the U. S. Coast Guard, and of the U. S. Customs: men of unfailing courtesy and tenderness... but helpless to advance so bold a request as I was making. Nothing, they concurred, could be done without the intervention of the Collector of Customs himself, who was due in his office at nine in the morning. The Coast Guard cutter, I explained, was due to leave for the Narrows a very few minutes after nine; could not someone else, at this advanced hour, and considering the emergency, intervene? Sadly, I was told, No."

Then he writes:

"I turned, as one does in such circumstances, to my friends. In a few minutes, calls had been put in to those critical telephone numbers that you and I know all about. But it was after midnight, and nothing conclusive was accomplished. We had, however, wrested from one man the home telephone number of Mr. R. W. Dill, the Collector of Customs in New York, and I lay in wait for him, and rang his number at 7:30 a. m. He was terribly sorry (and terribly kind, I hasten to say); but the order prohibiting passengers on the Coast Guard cutter was categorical; and he, the Collector of Customs for the Port of New York, did not have the power to grant an exception

whatever the circumstances. Who could? I asked. Only Mr. Ralph Kelly, Commissioner of Customs in Washington."

Finally he got to two Senators, two Congressmen and two Administrative Assistants to two other Senators and a national committeeman. Now, he was getting hot. That is where he should have started — with the elite. He should have started with those for whom citizens are bumped off crowded planes and for those for whom compartments are "sold twice" on crack trains. These are of the elite.

But mark you, what happened to my friend? He was finally given the pass and he got on the cutter and there he found not less than 25 other civilians on board. He asked himself:

American Girls Said 'Modest'

'Student' of Subject Outlines Findings

By DOROTHY ROE
Associated Press Women's Editor
PORTLAND, Ore. (AP)—American girls are the most modest in the world, says John A. Zehnbauer, who has been studying this subject for half a century.

"French girls and German girls think nothing of wearing Bikini bathing suits," says the man who supplies most of the world with swimwear.

"In Australia and South Africa, Hong Kong and South America, the girls aren't worried about exposure. But in America we can't even get a model to pose in a Bikini."

Zehnbauer, with his brother Roy and their late partner, Carl Jantzen, has turned out swim suits for most of the bathing beauties of history, from Gloria Swanson to Greta Garbo.

Since 1910, when he bought out a little knitting mill in Portland and knitted a suit for a local rowing team, he has made waterwear his chief concern. Today the Jantzen company has factories or licensees in 18 countries, studies the swim whims of every nation and collects design ideas from every corner of the world.

"The first women's bathing suits we made had sleeves, sailor collars, knee-length pants and skirts," says the tall, graying Zehnbauer, who looks 20 years younger than his announced age of 74.

"Then after the first World War, things changed abruptly. As girls took to short skirts and rolled stockings, they began cutting down on their bathing suits, too. When we found that women were cutting off our suits at the bottom and cutting the necklines down in back, we decided to make them the way they wanted them."

"That's been our procedure ever since. I don't think we've ever tried to force a new, brief style in swim suits. The public calls the turn, and we give them what they want."

When the one-piece bathing suit was banned on the beach at Atlantic City in the early 1920s, things looked black for a while.

"Quite a few of our customers were arrested," reminisces Zehnbauer, "but the ban didn't last long."

Yule Caravan Topic for Group No. C

There were 21 members and one guest present, when Miss Winifred Parrett and Mrs. B. H. T. Becker, co-hostess, entertained Group C of the Women's Assn. of the Presbyterian Church, at the home of Miss Parrett, 122 W. Franklin St., Thursday afternoon.

Mrs. Robert Adkins, chairman, presided. She opened the meeting by reading from the November 15 issue of Presbyterian Life. Topic was "Are We As Thankful As They?" Mrs. E. G. Grigg gave a Thanksgiving prayer, including our Mission workers in both the Home and Foreign fields.

Reports of the secretary and treasurer were given. Completed plans for the Christmas Caravan were discussed. This Caravan is to be held on December 3.

It was announced by Mrs. Adkins, that Group C would be in charge of the quarterly meeting of Women's Assn., Presbyterian Church, to be held in the social room of the church at 2 p. m. December 12.

Mrs. Grigg introduced Mrs. Donald Mitchell, who had charge of the program. She used for her topic "Called the Sacrifice of Praise." Giving yourself in praise is the Stewardship of the Bible. The Presbyterian Hymnal was used in the discussion by Mrs. Mitchell, and many old and new hymns were mentioned and discussed by the members and Mrs. Mitchell.

Following the program refreshments were served by the hostesses, assisted by Mrs. Charles Smith and Mrs. Paul Cromley. The January meeting of Group C will be held in the home of Mrs. Tom Renick, at 2 p. m. January 15.

Household Hints

When walls are being cleaned, brushing them with an upward motion may prevent smearing and streaking.

Brown soap or paraffin rubbed on drawer slides may keep them from sticking.

A small amount of ammonia added to warm water and used as a rinse will help remove fish and onion odors from flatware and dishes. Lean cuts of steak sometimes benefit from being brushed with salad oil or melted butter before broiling.

A short business meeting was conducted by Mrs. Harold Deffenbaugh. Again this year the local club will remember at Christmas time the Pickaway Counties at the Athens State Hospital.

Plans are under way for the 35th anniversary of the local club December 11. The Christmas party will also be at this meeting.

Mrs. Goeller New President Of EUB Class

Mrs. Andrew Goeller was elected president of the Trailmakers Class of the Calvary EUB Church when it met Thursday evening in the home of Mrs. Harry Betz, Reber Ave.

Mrs. Bill Ankrom, president, led the devotionals using the 95th Psalm for her text. In place of the next meeting, the group plans to take children carolling, afterwards treat them to cocoa and cookies.

Other officers elected for the 1959 year were: Mrs. Ankrom, vice-president; Mrs. Lewis Cook, secretary and Mrs. Carl Agin, treasurer.

During the social hour a cookies judging contest was held. Mrs. Nelson Lape was awarded first prize; Mrs. Dorothy Wise, second; Mrs. Ankrom, third; Mrs. Agin, fourth and Mrs. Cook, fifth.

At the close of the evening, refreshments were served by the hostess assisted by Mrs. Agin.

Guests for the evening were Mrs. Emmitt Hinton and Mrs. Elliott Mason.

Festival Holiday Preview Planned by Women's Assn

The Women's Assn. of the Presbyterian Church has planned a festive holiday preview that is designed to give you a glimpse at "making Christmas" in different moods and atmospheres.

The Christmas Caravan will be held from 11 a. m.-9 p. m. Wednesday, December 3rd. The caravan will include a tour of four homes: Mr. and Mrs. H. N. Stevenson's farmhouse on the Goose Pond Pike; Dr. and Mrs. J. M. Hedges' modern home in Zwicker Woods; "Willow Bank" the home of Mr. and Mrs. John Eshelman and the historic home of Mr. and Mrs. Charles May.

Yule coffee will be served at the church throughout the day. The church will be open from 11 a. m.-9 p. m. and the homes are to be open from 1-9 p. m.

The general committee of the affair is Mrs. Donald Mitchell, Mrs. J. M. Hedges, Mrs. David Orr, Mrs. H. N. Stevenson, Mrs. John Eshelman, Mrs. Lemuel Weldon and Mrs. Tom Renick.

The ticket committee members are Mrs. Mitchell, Mrs. Weldon and Mrs. Adrian Yates; publicity, Mrs. David Yates and transportation, Miss Elizabeth Stevenson and Mrs. Florence Baker.

General Hostess for the "yule

coffee" at the church will be Mrs. Tom Renick. She will be assisted by Mrs. Orr and Mrs. Weldon. Presiding at the tea table will be Mrs. Harry Heffner. Her assistants are Mrs. Louise Bennett, Mrs. Florence Jones, Mrs. B. H. T. Becker, Miss Dorothy McArthur and Mrs. Orr.

Mrs. Philip Hardy is general chairman of the cafeteria service. She will be assisted by two ladies of each group and girls from the Westminster Fellowship.

The tickets for the caravan may be purchased from members of the Women's Assn.

The Rev. Huber Speaker for AAUW

The Circleville Branch of the American Assn. of University Women will meet at 8 p. m. Monday in the home of Mrs. Clifford Bowser, Williamsport.

The Rev. William Huber will be guest speaker. The group is concerned with the Retarded Children and the possibilities in this field.

Members are reminded that candy to be sold for the Building Fund will be distributed.

HIGHEST PRICED AT RECORD AUCTION—This early Picasso, "Mother and Child," brought the highest price at the second highest total painting auction ever held in the U.S.—\$1,548,000 for 29 modern French paintings from the collection of New York hotel man Arnold Kirkeby. Rosenberg & Stiebel, New York dealers, paid \$152,000 for the 1903 Picasso.

BACK IN COURT—Gregg Sherwood Dodge, 34, actress wife of auto heir Horace D. Dodge II, is calm as she returns to court in Los Angeles for another day of her trial on battery and drunkenness charges. Witnesses said Miss Sherwood screamed, slugged and spat at officers while they removed her jewelry and stockings and searched her when she was being booked.

ARSENAL FOR THE I.R.A.—Officer Robert Crowley examines a 20-mm. cannon, one of two seized along with other weapons and ammunition at the home of Henry Barrett (inset) in New York's Bronx. Barrett, 51, native of County Cork, is under arrest on a charge of storing the arsenal for the Irish Republican army—technically, illegal possession of weapons. He's a paper handler for the New York Daily News, has 11 American-born children, all warm for "the cause."

FOUR'S NOT A CROWD—Identical twin sisters Lillian (left) and Sylvia Tatigian stand with their new husbands, identical twins Diran (left) and Vahan Barmakian, after their wedding in St. Paul's Anglican church, in Lachine, Que., near Montreal. The four will live in the same house in Boston, where the brothers are jewelers. Let's hope Shakespeare's "Comedy of Errors" doesn't repeat.

TOO LATE FOR REGRET—"It's no use feeling sorry now," Jerry Pacek, 13, tells reporters in Pittsburgh after he was arrested in connection with the slaying of Mrs. Lillian E. Setvick, of Breckenridge, Pa. The woman was on her way home from a hospital where she visited her husband when Pacek allegedly attacked the 54-year-old housewife with an iron pipe.

HOT CARGO—Adela Gonzales, 14, demonstrates in San Francisco how Roberto Inda, 26, smuggled her into the U.S. from Mexico under hood of his car. She got her leg burned by the hot engine during the three-hour ride. Inda got burned worse—by a federal indictment.

RESCUES CAT TRAPPED THREE DAYS—Following her dramatic rescue of her pet cat, Tommy, Mrs. Elsie Chavez carries the animal from the crawlway entrance under her home in Los Angeles. The cat had been trapped for three days between two walls. Mrs. Chavez tunneled under one. Feeling the earth move, Tommy started digging and emerged unscathed.

HERD NO MORE—Some of the 22 cows killed when silage loosened and fell on them on farm of Louis Fetko, five miles east of Hellertown, Pa., are shown after the feed was cleared away. The cows were in a circular grouping around the 52-foot silo. The cascading silage smothered them.

FLIES TO FUNERAL—Actress Linda Christian, second wife of Tyrone Power and mother of his two daughters, arrives by plane in Hollywood to attend the funeral of the screen star who died while making a film in Spain. The children, who had been living in Mexico City, were on hand to greet her.

PRAYERS OF THANKS—Sylvester Sobock, first assistant engineer on the ill-starred freighter Carl L. Bradley, and his wife offer prayers of thanks in church in Rogers City, Mich. Sobock was not aboard the Bradley when she sank in upper Lake Michigan because of the funeral of his brother. Only two of 35 crewmen survived.

TO WED IRAN PRINCE—Sharon Daugherty, 22, a former model, smiles happily in her San Francisco home after revealing that she will soon wed wealthy Iranian Prince Abol Bakhtiari, 30. Her husband-to-be is a second cousin of the Shah of Iran.

END OF AN ACTING CAREER—The body of Hollywood film actor Tom Pittman, missing since October 31, was found 19 days later in this wreckage of a Porsche sports car at the bottom of a 150-foot ravine in Benedict canyon, Los Angeles. Police believe he died while driving from a party.

Walnut Is Faced With Rebuilding

The Walnut Tigers will be no different from many of the other Pickaway County squads this year as head Coach Paul Reiss will have inexperience as a number one problem.

Reiss and assistant coach Bill Salisbury stated their team will be slow getting started but with good spirit and a desire to win, the cagers will improve with each contest.

None of the team positions are sewed up as yet and everyone on the 12-man roster will see action. Defensively Walnut will work from a man-to-man. Offensively the Tigers expect to face a zone defense much of the season and are working to combat it.

Co-captains are Paul Crumley, senior, and Bill Brewer, junior. The roster, which includes only two seniors, has eight juniors and two sophomores.

JUNIORS ARE Brewer, 6', a returning letterman, who can hook either way; Boyd Boone, 5-11, a transfer student from Scioto; Lloyd Davidson, 5-11; Gary Hoover, 5-11, good outside shot; Eugene Horsley, 5-6; Phil Stone, 5-9, letterman; David Weaver, 5-10, and Carl Young, 5-9. Seniors are Crumley, 5-7, a fast ballhandler, good passer and shot, and Boyd Barr, 6', who can hook in either direction.

The two sophomores are Bill Hoover, 5-8, and Clarence Gray, 6', who is a fine rebounder.

The Walnut reserve team roster includes juniors George Forson, 5-11, Andy Duval, 5-10 and Glenn LaRue. Sophomores are Raymond White, 5-10, Ronnie Tussing, 5-7, and Richard Hedges, 5-7.

Freshmen are Jerry Owens, 5-4; Larry Cremons, 5-6; Michael Neff, 5-5; Ervin Wheeler, 5-8; Larry Smith, 5-6, and Robert Fetherolf, 5-7.

Last year Walnut scored a total of 1,016 points in 16 games for an average of 63.5, ranking fourth in county offensive statistics. Defensively the Tigers allowed opposition 883 points for a per game average of 55.2 points, for a ranking of third in the county.

SLONE tallied 103 points in 12 games last year for an average of 8.6 points per game. Crumley scored 28 points and Weaver 16 in varsity action during last season. Walnut completed the season

with a 10-7 overall record, ranking fifth in county league play with a 6-4 slate.

Walnut's varsity cheerleaders are Loretta Blanton, Lois Barr, Beverly Sherman, Joyce Stone and Darlene Tucker.

Reserve cheerleaders are Joan Skaggs, Juanita Blanton, Marlene Crumley and Sharon Dern. Managers are Bud Allison, Joe Hoover and James Riley for the varsity squad and Gary Massie for reserves.

The Wildcats of Laurelville could not cope with the superior height of invading Stockdale as the visitors found the range for an 83-56 decision.

The rangy cagers from Pike County pushed to a 21-10 first period lead and stayed in command by 39-26 at halftime. The third quarter score read Stockdale 56, Laurelville 35.

Both teams cut loose in the fourth stanza, with Stockdale blazing away for 25 points and the Wildcats 21.

Freshman Max Young gave a good account of himself for Laurelville, collecting 19 markers on nine buckets and one foul shot. Most of his two-pointers came on side and corner shots.

DON Schroeder aided the losing cause, with 14 markers, most of them coming from well out front. Sam Ebert assisted with 12.

Thompson was the big man for Stockdale as he hit about everything he shot to collect 25 points. His production came on 11 baskets and three foul shots.

Three more Stockdale men scored in double figures, with Crabtree getting 22, Leist 20 and Cantrell 10.

Laurelville, owning a 6-4 record after last night, played perhaps its best floor game of the season, but could not match the rebounding of the taller Stockdale squad.

Stockdale made it a double win by taking reserve test, 40-29.

PLEASANTVILLE HANDS BRONCOS 69-54 DEFEAT

The Ashville Broncos opened up their basketball season on the losing side of the ledger last night as Pleasantville handed them a 69-54 defeat on the Fairfield County court.

According to coach Russ Gregg, the Broncos looked good in defeat as Bobby Hoover racked the nets for 28 points and two Ashville freshmen played a fine game.

Ashville lost the contest in the second quarter as it could manage only three points, while Pleasantville tallied 10. Early in the fourth period, Ashville had rallied to within three points when Pleasantville's Mosier broke loose for three straight buckets on driveways, and clinched the victory.

Mosier will be remembered for his deadly outside shooting in regional play last year, a factor that helped whip Centralia in the finals. Ashville used an effective press in the second half that worked well until Mosier's explosion.

HOOPER scored his 13 field goals from all over and played the final two quarters with four personal fouls. Phil Reese ably aided Hoover with 10 points.

Pleasantville had three fine scorers. Jim Porter registered 18 with jump shots and drive-ins. This cage is playing his fourth year of varsity ball.

L. Kemmerer, Pleasantville's 6-5 pivot man, accumulated 18 points on jump shots and Mosier was high man with 24 from the outside.

Pleasantville led through out the game. The winners took a 24-17 first quarter lead and soared to a 34-20 halftime margin.

Ashville came back in the final stanza, outscoring Pleasantville, 22-13, to trail 47-42 at the three quarter mark.

Gregg said his ball club would positively improve and were better ball handlers than his last year's county tournament championship squad. Pleasantville swept the evening with 54-23 over the Ashville reserves.

INDIVIDUAL reports from hunters varied. A Columbus party of nimrods, who hunted in northwestern Ohio, raved about the cordial reception they received from Ohio Farm Bureau landowners.

The same group lauded some of the Blue Creek Center Grange in Paulding County for inviting hunters to a farm sale lunch.

A Mt. Gilead sportsman said the shower of water failed to dampen his thrill of flushing a ring-necked pheasant from a stubble field.

The excitement of kicking a cottontail out of the brush, and the satisfaction of taking a dinner from the field, instead of buying it at the grocery was a pleasant experience for most hunters.

JUNIORS ARE Brewer, 6', a returning letterman, who can hook either way; Boyd Boone, 5-11, a transfer student from Scioto; Lloyd Davidson, 5-11; Gary Hoover, 5-11, good outside shot.

Eugene Horsley, 5-6; Phil Slone, 5-9, letterman; David Weaver, 5-10, and Carl Young, 5-9. Seniors are Crumley, 5-7, a fast ballhandler, good passer and shot, and Boyd Barr, 6', who can hook in either direction.

The two sophomores are Bill Hoover, 5-8, and Clarence Gray, 6', who is a fine rebounder.

The Walnut reserve team roster includes juniors George Forson, 5-11, Andy Duval, 5-10 and Glenn LaRue, 5-10, and sophomores Raymond White, 5-10, Ronnie Tussing, 5-7, and Richard Hedges, 5-7.

Freshmen are Jerry Owens, 5-4; Larry Cremons, 5-6; Michael Neff, 5-5; Ervin Wheeler, 5-8; Larry Smith, 5-6, and Robert Fetherolf, 5-7.

Last year Walnut scored a total of 1,016 points in 16 games for an average of 63.5, ranking fourth in county offensive statistics. Defensively the Tigers allowed opposition 883 points for a per game average of 55.2 points, for a ranking of third in the county.

SLONE tallied 103 points in 12 games last year for an average of 8.6 points per game. Crumley scored 28 points and Weaver 16 in varsity action during last season. Walnut completed the season

Pleasantville Hands Broncos 69-54 Defeat

The Ashville Broncos opened up their basketball season on the losing side of the ledger last night as Pleasantville handed them a 69-54 defeat on the Fairfield County court.

According to coach Russ Gregg, the Broncos looked good in defeat as Bobby Hoover racked the nets for 28 points and two Ashville freshmen played a fine game.

Ashville led the contest in the second quarter as it could manage only three points, while Pleasantville tallied 10. Early in the fourth period, Ashville had rallied to within three points when Pleasantville's Mosier broke loose for three straight buckets on drives, and clinched the victory.

Mosier will be remembered for his deadly outside shooting in regional play last year, a factor that helped whip Centralia in the finals. Ashville used an effective press in the second half that worked well until Mosier's explosion.

HOOVER scored his 13 field goals from all over and played the final two quarters with four personal fouls. Phil Reese ably aided Hoover with 10 points.

Pleasantville had three fine scorers. Jim Porter registered 18 with jump shots and drive-ins. This game is playing his fourth year of varsity ball.

L. Kemmerer, Pleasantville's 6-5 pivot man, accumulated 18 points on jump shots and Mosier was high man with 24 from the outside.

Pleasantville led throughout the game. The winners took a 24-17 first quarter lead and soared to a 34-20 halftime margin. Ashville came back in the final stanza, outscoring Pleasantville, 22-13, to trail 47-42 at the three quarter mark.

Gregg said his ball club would positively improve and were better ball handlers than his last year's county tournament championship squad. Pleasantville swept the evening with 54-23 over the Ashville reserves.

with a 10-7 overall record, ranking fifth in county league play with a 6-4 slate.

Walnut's varsity cheerleaders are Loretta Blanton, Lois Barr, Beverly Sherman, Joyce Slone and Darlene Tucker.

Reserve cheerleaders are Jo Ann Skaggs, Juanita Blanton, Marlene Crumley and Sharon Derr. Managers are Bud Allison, Joe Hoover and James Riley for the varsity squad and Gary Massie for reserves.

Stockdale Pins 83-56 Defeat On Laurelville

The Wildcats of Laurelville could not cope with the superior height of invading Stockdale as the visitors found the range for an 83-56 decision.

The rangy cagers from Pike County pushed to a 21-10 first period lead and stayed in command by 39-26 at halftime. The third quarter score read Stockdale 56, Laurelville 35.

Both teams cut loose in the fourth stanza, with Stockdale blazing away for 25 points and the Wildcats 21.

Freshman Max Young gave a good account of himself for Laurelville, collecting 19 markers on nine buckets and one foul shot. Most of his two-pointers came on side and corner shots.

DON Schroeder aided the losing cause, with 14 markers, most of them coming from well out front. Sam Ebert assisted with 12.

Thompson was the big man for Stockdale as he hit about everything he shot to collect 25 points. His production came on 11 baskets and three foul shots.

Three more Stockdale men scored in double figures, with Crabtree getting 22, Leist 20 and Cantrell 10.

Laurelville, owning a 0-4 record after last night, played perhaps its best floor game of the season, but could not match the rebounding of the taller Stockdale squad.

Stockdale made it a double win by taking reserve test, 40-29.

Hunting Gets Good Start

"Hunting success opening day was better than it has been since 1951," were the words of Bill Edwards, farm game specialist for the Ohio Wildlife Division who coordinated the state-wide opening day survey.

Edwards added, "fishermen for the Division who contacted hunters said the pheasant take would have been even better had the going been dry."

Hunter success followed closely to the pre-season predictions of the Division's game section. The section had predicted the pheasant harvest would be high, and that more cottontails would be bagged in the upper region of the State than last year while slightly fewer would be taken in southeastern Ohio.

Pheasant season will continue through Dec. 6 with a daily limit of two and possession limit four. The rabbit season will close Jan. 3. Daily limit on cottontails is four; possession limit is eight.

INDIVIDUAL reports from hunters varied. A Columbus party of nimrods, who hunted in northwestern Ohio, raved about the cordial reception they received from Ohio Farm Bureau landowners. The same group lauded some of the Blue Creek Center Grange in Paulding County for inviting hunters to a farm sale lunch.

A Mt. Gilead sportsman said the shower of water failed to dampen his thrill of flushing a ring-necked pheasant from a stubble field. The excitement of kicking a cottontail out of the brush, and the satisfaction of taking a dinner from the field, instead of buying it at the grocery was a pleasant experience for most hunters.

Indians Edge Walnut, 43-38

Walnut and Stoutsville, recent football opponents, both started their basketball seasons last night at Walnut, and the Indians again came out on top with a low scoring 43-38 victory.

The arch foes battled all the way, but first game jitters became the biggest enemy. Neither team found their shooting eye, especially Walnut, which tallied only two field goals in the first half.

The Tigers were forced to shoot from the outside against Stoutsville's 2-3 zone defense, and could not find the range. The Tigers were down the first quarter, 15-10. Stoutsville scored four points in the second quarter and Walnut registered two. The Indians maintained a 19-12 halftime margin.

WALNUT outscored Stoutsville in the third quarter, 26-24, but the disastrous first half spelled the loss.

Cole, Stoutsville pivot man, was the evening's top scorer with 13 points from around the bucket. He took up the slack of Sells, who led the Indians first half attack with eight points on jump shots.

Barr, Bill Brewer and G. Hoover paced the Walnut drive with nine, six and 10 points respectively. Barr and Brewer rebounded well for Walnut.

The Walnut junior varsity overwhelmed Stoutsville in the night's first encounter by a 42-17 victory.

Williamsport Wins 55-44 at Mt. Sterling

Williamsport last night upset a much taller Mt. Sterling five, 55-44, on the latter's court.

Last year Mt. Sterling consolidated with Fairfield and the two schools put together an experienced and lanky basketball squad. This bothered the Deers not in the least last night as they went to the front from the start and clinched the victory with a final quarter spurt.

Deercreek's David Myers set the nets on fire as he dropped through eight field goals and 14 free throws for 30 points, second highest score in the county so far this season.

Myers' delayed bunny shots caused Mt. Sterling great concern as they fouled him constantly and he canned 14 of 22 attempts, for a 64 per cent shooting average.

WILLIAMSPORT's only fault apparently was not shooting enough, as they only attempted 42 field goals, dropping in 16 for a 38 per cent average. Mt. Sterling started with a pressing man-to-man and later switched to a zone as Williamsport easily broke through it, causing Mt. Sterling to commit fouls.

From the free throw line, Williamsport sank 23 of 39 attempts for a 59 per cent average. Four of Mt. Sterling's team consisted of boys 6-4 or over.

The Williamsport junior varsity lost 17-15 in an overtime.

Kingston Downs Pickaway, 54-40

By J. I. SMITH III
Herald Staff Writer

Kingston continued its winning ways last night, handing a taller, but slower Pickaway five a 54-40 defeat on the Ross Countians' court.

In racking up victory No. 4, against no defeats, the Redskins out-rebounded and outran a Pickaway crew that was playing its first game since football season.

Though taller and with plenty of experience, the Pirates had trouble finding the range last night and were unable to crack a fine 3-2 and then a 2-3 defense thrown at them by the Redskins.

The first quarter found both teams off on their shooting as Kingston commanded a 11-5 lead. Pickaway was limited to one field goal in this quarter as it shot 10 per cent from the field.

KINGSTON shot 21 per cent, aided by the last minute scoring of Bob Williams, high scorer for the evening with 16 points. Emory Carper, a rugged Kingston guard, left late in this quarter, due to personal and didn't return until late in the contest.

Kingston was on target in the second quarter as it shot 48 per cent from the court and blasted to a 32-18 halftime lead. Williams found his eye from the side on jump shots and Edwards, though small, tallied from the pivot slot.

Pickaway's Harry Lee and Gail Wolfe kept the Pirate crew in the game with tip-ins and free throws. The Pirates shot 18 per cent in this period. Lee led Pirate scoring

Pete Cooper Cops Lead in Florida

WEST PALM BEACH, Fla. (AP) —Pete Cooper nursed a two-stroke lead at the mid-point in the \$15,000 West Palm Beach Invitational Golf Tournament today.

The Lakeland, Fla., pro set a new competitive course record Friday with a 33-30—63 and a 2-day total of 131, which is 13 strokes under par for the 6,745-yard layout.

Wesley Ellis Jr. of Aldecross, N.J., who with Bert Weaver of Beaumont, Tex., set a record of 65 on Thursday, took 68 strokes Friday for 133. Weaver slipped to a 70 and tied for third with Mike Souchak of Grossingers, N.Y., who shot 66 on opening day and 69 Friday.

Alhambra set two turf records for 5 1/2 furlongs at Chicago tracks during 1958.

Paul J. Sullivan, 30, of Houston, former Boston College athlete, is the southern field representative of the National Golf Foundation.

Use of Bait Costs Hunters \$100 Each

TOLEDO, Ohio (AP) — Four northeast Ohio businessmen were fined \$100 each by U. S. Commissioner John J. Barone Friday for shooting over a baited marsh on property of Harold Rohr in Ottawa County Nov. 6.

Fined were Arthur T. Bennett of Painesville, general superintendent of Diamond Alkali Co.; John W. Hemphill, a Mentor insurance agent; John W. Mantz of Painesville, general manager of a Diamond Alkali division; and Clifton W. Turner, a Willoughby chemical salesman.

Crawford said the banquet would be conducted as a pot-luck dinner. The event is scheduled to start at 6:30 p. m.

Crawford reminded parents and fans to bring complete table service. Cards have been sent to parents of senior players, coaches and directors telling them to bring meat dishes. Others attending may bring a variety of foods.

A highlight of the banquet will be awarding of the most valuable player trophy, an annual project sponsored by the CHS Boosters.

THE selection is made by a special group of the Boosters and the player's name remains a secret until the night of the banquet.

Coach Tom Bennett and his staff will give a rundown on the past season and introduce players, Medals and letters also will be presented.

Robert Huffer, local attorney, will serve as master of ceremonies.

Colts Favored By 7 Points Over Ram '11'

Either Shaw or Unitas To Be Quarterback For Baltimore Crew

By THE ASSOCIATED PRESS

It's the Colts by seven, and Shaw or Unitas pick 'em.

The pregame show Sunday will belong to Baltimore Coach Weeb Ewbank when he chooses between the two star quarterbacks. Then it will be up to the Colts, led by either George Shaw or Johnny Unitas, to make good on the seven-point favoritism over the Los Angeles Rams.

The Colts (7-1) are leading the National Football League's Western Conference by two games, and Los Angeles (5-3) is tied for second with the Chicago Bears. A record Baltimore professional football crowd — 57,557 — will turn out to see if the Colts, who have whipped the Bears twice, can turn back the challenge of the Rams who have won three straight. The teams meet again Dec. 6 in Los Angeles.

Sunday's game is the big one because a Colt victory will put the Rams three games back with three to play.

The Bears are at the Detroit Lions Sunday in the other important Western Conference game, while the Cleveland Browns, Eastern Conference front-runners, are home to Philadelphia. The Bears are three-point underdogs to the much-improved Lions (3-4-1), while the Browns (6-2) are 12-point favorites to whip the Eagles (2-5-1) and at least maintain their one-game lead over the New York Giants.

The Giants (5-3) are given the nod by three points over the Washington Redskins (3-5) at New York, and the Giants must keep pace with Cleveland until they get another crack at the Browns Dec. 14 in the season windup.

In other games, San Francisco (3-5) and Green Bay (1-6-1) play a lower rung Western Conference contest at Milwaukee, and Pittsburgh (4-4) hopes to move up on the Giants with a victory at Chicago over the Cardinals (2-5-1).

The choice between the uncanny Unitas and the spectacular Shaw will be a tough one for Ewbank and may be influenced by how fully Unitas has recovered from rib injuries suffered Nov. 2 in the Colts' 56-0 rout of Green Bay. Shaw, who took over the QB job during the game against the Packers, injured a knee last week but was able to finish the game, a 17-0 victory over the Bears.

2 New Opponents Added by Navy

ANNAPOLIS, Md. (AP) — Navy today announced a 1959 football schedule which includes two first-time opponents, Syracuse and Miami (Fla.).

Syracuse replaces Michigan, Miami replaces Tulane and Southern Methodist replaces Boston University on the 10-game schedule.

Navy has met SMU twice before. Holdover opponents are William and Mary, Pennsylvania, Notre Dame, Maryland, George Washington and Army. Boston College has been added, making the 1959 season one longer than this year's.

Irish, English Leading Tourney

MEXICO CITY (AP) — Ireland and England are fighting again today. But this time it's on a golf course.

Scene: The lush 7,216-yard par 72 Club de Mexico golf course where 62 players from 32 countries entered third round play of the International Golf Championships and Canada Cup matches.

Ireland is in first place. England is only four strokes behind as a team. The Irish-English match, last to tee off at noon, is the day's feature.

Stocky, cheerful 44-year-old Harry Bradshaw of Dublin, playing the steadiest and best golf of the tournament, Friday took over the individual lead and shot his team into the No. 1 spot.

Pickaway District Eyes New Scouting Program

The Pickaway Boy Scout District Monday evening in the Lutheran Church basement held its first meeting in preparation for obtaining sponsors for the new International Boy Scout program — Exploring.

The exploring program is designed for the high school student and is entirely new in the Boy Scout world of youth.

Represented at the meeting were members of Circleville Veterans of Foreign Wars, Rotary and American Legion. All representatives were given information on the program and asked to pass it along to their respective organizations.

Boy Scout commissioners will meet with The American Legion Wednesday, VFW on December 9 and Rotary, December 3, to further discuss the possibility of their sponsoring explorer posts.

COMMISSIONER Ed Ebert led the evening's program. Also on hand were Jim Phillips, council executive representative, Columbus, and Robert Bower, deputy regional director, out of Cincinnati.

Pickaway District men to head up the Explorer program will be Richard Compton, 250 Sunset Drive, and Vernon Saunders, Knollwood Village.

The Exploring program has been designed to provide the best help within the power of the Boy Scout organization for the high school age boys of today, so they can become better citizens of tomorrow.

The program expects to reach out to more than 4½ million boys of this age group, whether they have been Scouts before or not.

Beginning Jan. 1, 1959, boys may become Explorers when they are 14 and in the ninth grade or higher, or when 15, regardless of grade.

Membership may continue by annual registration through the age of 17, or as long as the individual continues as a full-time student in high school. Exploring groups will be arranged into posts, instead of troops or packs.

EXPLORING is a program of action—doing a wide variety of activities that interest the majority of members.

Exploring offers clean adventurous outdoor activities; the company of other fellows and girls at parties, picnics or other social affairs; an opportunity to explore various vocations and to develop hobby interests; a chance to develop personal fitness, and to do something about citizenship responsibilities.

One feature of the Exploring program is the emphasis on post specialties. There are some posts known for their interest in emergency service, others for science.

Some are radio hams, others wilderness campers. This concentration may go on for several months or years and then change to another specialty or to none at all.

Explorer methods of operation are mature and democratic. Explorers are elected to office, appointed to committees and chosen as representatives in a pattern similar to adult organizations.

To a great extent the activities are selected, planned and conducted by Explorers, within the framework of the program, as outlined in the "Exploring" manual.

THE MEETING pattern starts with the monthly officers' meeting, which is held a week in advance of the first post meeting. It is attended by all the officers, commissioned and elected, who, under the supervision of the Advisor, are responsible for planning the post program.

Following the officers' meeting at least two post meetings are held at a regular time and place each month. The post meeting consists of two parts—business and activity.

The business is handled as quickly and efficiently as possible. Following this business session, an activity is featured. In addition to two post meetings, other activities are held.

They may include field sports tournament, progressive party, college visit, swimming party, vocational exploration trip or a visit to a home workshop.

The Explorer activities are defined into six experience areas. They are social, vocational, personal fitness, service, outdoor and citizenship.

Before this program was embarked upon by the Boy Scouts, they obtained a nationwide survey from the University of Michigan which took a period of many years.

THIS RENOWNED institution conducted personal interviews with a national sampling of 14, 15 and 16-year-old boys. From these studies and interviews some of the following information was resolved.

A total of 57 per cent of high school boys worry about achievement, 29 per cent worry about acceptance and 29 per cent about personal pressures;

What makes a boy feel important and useful? — 58 per cent said taking responsibility, 19 per cent good marks or helping others, 13 per cent, skilled in sports and 12 per cent, being part of a group;

THINGS BOYS feel must call for decisions in the next few years — 75 per cent, education, 68 per

Press Challenged To Lead Return to 'Basic Values'

TOLEDO, Ohio (AP) — Walter Reuther has challenged newspapers and other media for mass communication to help the nation rededicate its basic values.

In a speech before a journalistic fraternity Friday night, the United Auto Workers leader also urged newspapers to recognize the common interests between such groups as labor and management and not overemphasize the negative aspects of their relationships.

"We need to work out a system of national moral priorities to get our values in sharper focus so that we know what we believe in," he told the northwest Ohio chapter of Sigma Delta Chi.

Reuther said the problems of the world have been caused by a breakdown in basic morality.

"We must find a way to sell American ideas and ideals abroad as well as we sell our cars and cosmetics abroad," he declared. "This is the challenge of the free press."

Discussing press handling of labor news, he said that "I know trouble makes news."

But, he said: "There must be a better balance in the handling of news. If 99.99 of stories deal only with the negative aspects, the right kind of job is not being done."

Reuther described recent UAW contract agreements in the auto industry as an historic step which newspapers generally failed to recognize.

He said the settlements, in a year when the economy was down, was a real test of good labor-management relations.

"General Motors has a responsibility to its stockholders. I have a responsibility to the union members. Together we have a responsibility to society," he said.

"Line up the leaders in business, labor, agriculture and education and you will find that they agree on the fundamental values and differ only in how to achieve them," he continued. "Unity in diversity is the test in a free society."

Cub Pack 52 Holds Meeting

Cub Pack 52 held its regular monthly meeting at 7:30 last night in the Methodist Church.

Den No. 1 conducted the opening ceremony. John Hildenbrand, Larry Cooper and Rolland Reobuck were accepted as new members of the pack.

Steve Carroll was presented the Wolf Badge, Gold and Silver Arrows. Joe Winner received the Wolf Badge and one year pin. Mark Krieger was awarded a Denner stripe.

Plans were made for the Pack to donate a basket of food and toys to the Pickaway County Welfare Department. Den No. 6 exhibited projects made at its last meeting.

The next meeting will be held December 11, at which time the annual inspection will be conducted.

Hereford Breeders Conduct Meeting

The Pickaway Hereford Breeders Assn. met Thursday evening for a covered-dish dinner in the home of Mr. and Mrs. Kermit Dountz and son, Eddie, Route 2, Ashville.

The business meeting was held following the dinner, with President Dountz presiding. The discussion centered on the improvement of the Hereford herds.

Plans were made for a dinner meeting to be held on January 13. The place will be announced later.

There were ten families and guests present for this meeting.

Dynamite Cap Blast Takes Boy's 3 Fingers

TOLEDO, Ohio (AP)—Twelve-year-old Ransom Belton Jr. lost three fingers Thursday when a dynamite cap exploded in his hand in a classroom at St. Phillips Lutheran School.

The Rev. Harold E. Pranschke said the boy found the cap in an alley during recess and, believing it to be a shielded light bulb, was trying to light it with wires connected to a dry cell battery.

Pickaway Grange Report

NEBRASKA Nebraska Grange met Tuesday night with Worthy Master Arthur Sark presiding. He urged the members to vote on the corn referendum next Tuesday.

A contribution was made to "CROP". The Grange voted to send gift packages to the boys in the service. The Youth Chairman, Edward Crites, and Anna Hedges reported on their trip to National Grange at Grand Rapids, Mich. Eddie took the 7th degree at this meeting, and the Pickaway County Youth team put on two drills, which had previously won them first place in the state.

The Lecturer, Mable Barr, received two blue ribbon merit awards from State and National Grange for outstanding work as Lecturer during the past year. Thelma Hines, Secretary, received a Certificate of Distinguished Service, for a job well done. The Community Service Award was a fine gavel presented by the Ohio State Grange. The Grange also received a nice check for entering a booth at the County Fair.

The Lecturer, Mrs. Wayne Hines, used "Autumn", as the theme for her program, which opened with a trombone solo by Alan Dill, accompanied by his mother, Mrs. David Dill.

Edward Crites showed pictures which he took at Youth Camp at Kelley's Island in August, and described the activities of the youth while there.

The Lecturer gave a "Prayer of Thanksgiving", followed by Group singing, "Bringing in the Sheaves".

Golden Sheaf and Silver Star certificates will be presented at the next meeting, December 2. Meeting time is 7:30 p. m.

Home Furnishings Lead Parade of Best-Seller Items

NEW YORK (AP)—Home furnishings and appliances led the parade of best-selling items in the nation's retail stores this week, according to a Dun & Bradstreet Inc. survey.

Merchants reported a marked pickup in consumer demand for TV sets, automatic dishwashers, dinette sets, bedding and chairs.

Total dollar volume of retail trade in the U.S. was estimated by Dun & Bradstreet at unchanged to 4 per cent higher than a year ago. Percentage changes in major areas: south Atlantic up 4 to 8; west north central up 3 to 7; Rocky Mountain and West Coast up 1 to 5; New England and east south central unchanged to up 4; mid-Atlantic down 1 to up 3; east north central and west south central unchanged to down 4.

Canadian's Thirst For Beer Is Costly

TOLEDO, Ohio (AP)—A Canadian pleaded guilty today to illegally entering the United States, explaining that he did it because a brewery strike in Ontario cut off his supply of grog.

Robert N. Pickering, 35, of Stoughton, Sask., found things better here.

Two days after he entered this country Oct. 29 from Windsor, Ont., he was arrested in Toledo on a drunk and disorderly charge.

U. S. District Judge Frank L. Klobb sentenced him to 18 months in a federal prison for illegal entry.

Records show Pickering was deported from Seattle in May, 1955, for various offenses.

and daughter Brenda of Circleville were Sunday evening dinner guests of Mr. and Mrs. Charles Huffer and daughter.

Mr. and Mrs. Phil Neff of Columbus and Roxanne Hulse were Monday evening dinner guests of Mr. and Mrs. Wendell Neff.
